Declaration of Corporate Management 2019
Declaration of Corporate Management (§§ 289f, 315d HGB)

The actions of Evotec AG’s management and oversight bodies are determined by the principles of good and responsible Corporate Governance. In this declaration, the Management Board – also acting on behalf of the Supervisory Board – provides its report on corporate management in the Group pursuant to sections 289f, 315d of the German Commercial Code (HGB) and pursuant to subsection 3.10 of the German Corporate Governance Code. Our aim is to present our corporate management principles as clearly and concisely as possible.

Declaration of compliance and reporting on Corporate Governance

Declaration of compliance

With the following exceptions, Evotec complies with all recommendations of the Code and the majority of the Code’s suggestions. In December 2018, Evotec’s Management Board and Supervisory Board declared in accordance with Section 161 of the German Stock Corporation Act (AktG):

"Evotec AG has complied in 2018 with the recommendations of the Governmental Commission on the German Corporate Governance Code (the “Code”) as published in the official section of the Federal Gazette and intends to comply in the future with the recommendations of the Code, with the following exceptions:

- Pursuant to Section 4.2.3 of the Code, the monetary remuneration of the Management Board members comprises fixed and variable components. Variable remuneration components consist of a one-year variable remuneration determined by a bonus scheme and a long-term so-called Share Performance Plan scheme approved by the Annual General Meetings 2012, 2015 and 2017. The Share Performance Plans have a multiple-year assessment basis that has essentially forward-looking characteristics, whereas the bonus scheme is based on the achievement of certain strategic targets set by the Supervisory Board for a certain financial year.

- The Share Performance Plans comply with the recommendations set forth in Section 4.2.3 of the Code. In particular, they refer to specific key performance indicators and define a “Maximum Target”. However, as the issuance of awards under the Share Performance Plans 2012 and 2015 after the four-year vesting period is effected in shares, there is a cap for the number of awards upon allocation, but no other cap for the value of the allocated shares. That value will only be determined by the share price at that time. The Share Performance Plan 2017 has introduced a cap with a maximum level of 350% of the contractual issue value and therefore complies in all respects with the Code.

- Stock options issued in existing stock option programmes before their replacement by the Share Performance Plans remain valid. While the exercise of options under these stock option programmes requires an increase of the share price, the exercise is not related to other relevant comparison parameters as recommended in Section 4.2.3 of the Code. This decision is based on the lack of relevant comparison benchmarks in the field of German Biotech at the time when the stock option programmes were created."
The Company’s D&O insurance and the deductible for members of the Management Board contained therein are in line with Section 3.8 of the Code and with the regulations of the Act on the Appropriateness of Management Board Compensation (VorstAG) that was enacted in 2009. However, for members of the Supervisory Board, the D&O insurance contains a “reasonable” deductible as foreseen by the version of the Code in force before its version published on 05 August 2009. The Company has decided to maintain this reasonable deductible. This decision was made in view of the Company’s interest to attract international expertise for its Supervisory Board and the fact that a deductible for non-executive directors is not very common in international practice. Whilst a lot of the German companies quoted on the TecDAX do not have a respective deductible at all, the Company believes that a reasonable deductible is a good compromise.”

The current Declaration of Compliance with the German Corporate Governance Code and the declarations of the past five years can be found on Evotec’s website (www.evotec.com) in the Invest section.

Relevant management practices and compliance

Relevant management practices

Evotec takes its Corporate Governance responsibilities very seriously. As a consequence of its shares’ listing at the Frankfurt Stock Exchange and its international shareholder base, the Company recognises not only German but also international Corporate Governance standards, insofar as German law does not explicitly stipulate otherwise. Evotec’s Management and Supervisory Boards are convinced that complying with rigorous Corporate Governance standards is of great benefit to the Company. It includes integrity in the dealings with employees, business associates, shareholders and the public, expressed in Evotec’s own exemplary conduct. As a service provider, Evotec has to win and retain the trust of its customers and business associates through impeccable behaviour. The Group’s aim is to be credible, solid and reliable and act accordingly. Thus Evotec regularly reviews and enhances its Corporate Governance practices.

Within the frame of strategical determination by the Management Board, specific goals are established and communicated. To accomplish our targets, we rely on the enterprise and initiative of our managers and employees. We achieve consensus on clearly defined objectives, and we regularly monitor how well we are meeting them. These agreements on aims are a fundamental component of our leadership philosophy and a crucial element of our remuneration system.

Code of conduct

Evotec’s corporate culture is committed to the highest standards of openness, integrity and accountability. A key element of integrity is compliance, which means adherence to both, the applicable laws and Company’s internal policies. Evotec’s commitment to a compliance-oriented culture is reflected in the Company’s Code of Conduct, which stipulates fundamental ethical principles, such as integrity and professionalism, that apply to board members and other employees alike.
The Code of Conduct sets standards for:

- Accounting and the permissible use of the Company's funds and assets;
- Compliance with insider trading laws and prevention of conflicts of interest;
- Compliance with antitrust legislation;
- Compliance with anti-corruption laws and associated internal guidelines;
- A work environment free of any form of discrimination and harassment;
- Non-disclosure and protection of intellectual property and business secrets; and
- The duty to report upon the suspicion of an infringement of the Code of Conduct (whistle-blowing).

Evotec does not tolerate any violation of applicable laws or internal policies.

The Code of Conduct is published on the Evotec website (www.evotec.com) in the Invest section.

Compliance organisation

The Compliance Programme of Evotec AG is overseen by the Company's Compliance Officer, functioning as an independent and objective body that reviews and evaluates compliance issues/concerns within the organisation and is regularly trained via a group-wide electronic Compliance Training or face-to-face trainings for the Aptuit entities tailored to the specific compliance issues and associated risks at the Company. The aim is to maintain permanent compliance awareness within all areas of Evotec's business to ensure that any decision is in line with Evotec’s compliance best practices and to mitigate compliance risks. Said training is mandatory for all board members and other employees. The Company’s Compliance Officer monitors the participation in the training at regular intervals.

The Compliance Office helps to communicate the values underlying the Code of Conduct and anchor them firmly in the Group. It ensures Group-wide implementation of the Compliance Programme.

Another important aspect of accountability and transparency is a mechanism to enable all Evotec employees to voice concerns in a responsible and effective manner. Suspected compliance violations can be reported to an employee’s responsible line manager, the Company’s Compliance Officer or may also be reported to a worldwide compliance (whistle-blowing) hotline which is available 24 hours a day, 7 days a week. The latter can also be done anonymously. In 2018, no reports via the central compliance hotline were registered. For the Aptuit entities, it is planned to be integrated in such compliance hotline in 2019.

Evotec also complies with the financial market rules. The Company maintains an ad hoc Committee, which consists of the Chief Financial Officer, the General Counsel, the Head of Investor Relations and the assistant to the Board. This committee examines the ad hoc relevance of insider information and ensures that Evotec complies with the law.
Risk management

An important element of sound Corporate Governance is dealing responsibly with risks. Evotec has established an effective risk and opportunities management system that enables the Management Board to detect and react to relevant risks and market developments in good time. The Management Board reports on these to the Supervisory Board. The Company’s risk and opportunities management system and policies are covered by the annual audit of financial statements. Details can be found in the Management Report of the Evotec Annual Report (www.evotec.com, Invest section). It also contains the report on the accounting-related internal control and risk management system required in accordance with the German Accounting Modernisation Act (BilMoG).

These systems are continually developed, adjusted to match changes in overall conditions and reviewed by the auditors. The Management Board regularly informs the Supervisory Board about existing risks and the development of these risks.

Transparency

Evotec AG informs its shareholders, financial analysts, the media and the public on a regular basis about its progress. In doing so, the Company complies with all requirements of the Code regarding transparency, timeliness, openness and shareholder equality. Evotec is committed to fair disclosure of information and its communication is governed by a Company Disclosure Policy. It is a prime concern of the Company that all relevant target groups receive the same information at the same time, and this implies communicating in both English and German. The Company’s publications are available on its website www.evotec.com in the Invest section.

This section of Evotec’s website maintains information such as news releases, the financial calendar containing the publication dates of the financial statements, investor relations conferences, annual and quarterly reports, other regulatory news and regularly updated corporate governance information. This section of the website also includes the Articles of Association, the Rules of Procedure of the Supervisory Board, the Audit Committee Charter, the Code of Conduct, the Insider Trading Policy and all declarations of compliance.

Moreover, the Company website at www.evotec.com provides comprehensive information on the Evotec Group and the Evotec share.

Accounting and auditing

On a regular basis, Evotec provides financial and business information to its shareholders and other interested parties by publishing its annual Consolidated Financial Statements and quarterly reports. As an incorporated company whose registered head office is located within the European Union, Evotec AG must prepare and publish Consolidated Financial Statements in accordance with the International Financial Reporting Standards (IFRS) whilst observing Section 315a HGB (German Commercial Code). The Consolidated Financial Statements of the Evotec Group and the financial statements of Evotec AG are audited by the audit firm and the Supervisory Board. The audit firm is appointed by the shareholders at the Annual General Meeting and commissioned by the Supervisory Board. It participates at the Supervisory Board’s deliberations on the financial statements and reports the most significant results of
its audit. The Audit Committee uses this information as a guideline for its own evaluation of the statements and reports.

The disclosed financial statements and the management reports for Evotec AG, as well as the Consolidated Financial Statements together with the consolidated management report of the Evotec Group, are audited by Ernst & Young GmbH Wirtschaftsprüfungsgesellschaft, Hamburg. These audits also covered risk management and compliance with reporting requirements concerning corporate governance pursuant to section 161 of the German Stock Corporation Act. Following its consultations, the Supervisory Board also approves the financial statements and the Consolidated Financial Statements.

**Working methods of the Management Board and Supervisory Board**

**Composition and working methods of the Management Board and Supervisory Board**

As part of its conversion process from a German Stock Corporation ("AG") to a European Company (Societas Europaea, "SE"), Evotec has decided to maintain its two-tier system with clear separation of management through the Management Board ("Vorstand"), and control through the Supervisory Board ("Aufsichtsrat"). The Management Board is responsible for managing Evotec and representing the Company in its dealings with third parties, while the Supervisory Board appoints and dismisses the members of the Evotec Management Board and oversees the management of the Company. German law prohibits the Supervisory Board from making management decisions. The two boards, however, work closely together to achieve long-term and sustainable growth for the Company and to create shareholder value. They agree on the Company’s strategy and on business transactions that are significant. The Annual General Meeting ("AGM"; “Hauptversammlung”) is the company body representing the interests of the shareholders.

**Management Board ("Vorstand")**

The Management Board of Evotec AG is responsible for the day-to-day operations of the Company and is supported by the Management Team. In its business operations and decisions, the Management Board acts on behalf of the Company and works towards its progress with the objective of sustainable creation of value, thus taking into account the interests of the shareholders, the employees and other stakeholders. The Management Board is appointed by the Supervisory Board.

The Management Board is responsible for corporate policy, the company’s strategic orientation, financial, investment and personnel planning, resource allocation and the management of the divisions. The Management Board is responsible for preparing the quarterly Consolidated Financial Statements and the annual Consolidated Financial Statements, as well as the annual financial statements of Evotec AG. It is also responsible for the establishment of an effective risk management system, cares for compliance with legal requirements and internal guidelines.

Under Evotec’s Articles of Association, the Supervisory Board determines the size of the Management Board, which must have at least one member under the German Stock Corporation Act. The Evotec Management Board consists, in addition to the CEO, of three further board members. In accordance with a suggestion of the Code, new members are appointed for up to three years; however, prolongations of existing contracts might be up to five years as currently agreed with the Chief Executive Officer and for its new contract with
the Chief Scientific Officer. Management Board members may be reappointed and may be
dismissed with good cause prior to the termination of their terms of office. Members of
Evotec's Management Board have not accepted more than a total of three Supervisory Board
mandates in non-Group listed companies or in supervisory bodies of companies with similar
requirements. The Articles of Association can be found on Evotec's website under
www.evotec.com in the Invest section.

With regards to diversity within the Management Board, it has to be taken into account that
Evotec works in a globalised industry and has a broad and international customer base.
Therefore, the Supervisory Board selects Management Board members regardless of gender,
nationality or age; instead, the focus lies on their qualifications and work experience only.
However, for the first time in 2015, the Supervisory Board of Evotec AG set a target quota of
0% female members on the Management Board in accordance with § 111 section 5 AktG. This
target quota was confirmed in 2017 for a further five-year period. In accordance with § 76
section 4 AktG, the Management Board of Evotec AG set a target quota of 30% female
members in the first and second management levels below the Management Board, which
were both achieved by 30 June 2017. This target quota was confirmed for a further five-year
period as well.

The activities of the Management Board are regulated by its internal Rules of Procedure, which
set out the matters reserved for the full Management Board, the responsibilities of the areas
of responsibility and the majorities necessary for passing resolutions.

Meetings of the Management Board shall be called by the Chairman of the Board. Each
member of the Management Board may request that an extraordinary meeting of the
Management Board be called outside its regular meetings. The board meetings are chaired by
the Chairman of the Management Board, who also coordinates the areas of responsibility.
Persons who are not board members can, if so resolved by the Management Board, be
admitted to board meetings in a consultative capacity.

Brief minutes have to be made of material discussions and resolutions. Resolutions of the
Management Board will be carried regularly at its meetings. Resolutions may also be carried
without a meeting, however, in writing, by telex or by telephone. The Management Board
shall be quorate if a majority of its Members vote on a resolution. Resolutions of the
Management Board shall be passed by a simple majority. Should there be a tie, the CEO shall
decide.

The Management Board also provides continuous updates to the Supervisory Board through
regular verbal and written reports that includes in depth analysis of the status of operations.
The information provided includes written monthly management reports with extensive
coverage of the Company's financial figures for the previous month, accompanied by detailed
comments and explanatory text. In addition, the Management Board must submit a budget
for the following fiscal year and a plan for the medium term to the Supervisory Board. The
Management Board is also required to report to the Supervisory Board in a timely fashion on
any transactions that may be significant with respect to the profitability or liquidity of the
Company in order to give the Supervisory Board an opportunity to express its opinion on such
transactions prior to their implementation.
The Chairman of the Supervisory Board and the Chief Executive Officer as well as other members of the Management Board discussed current and ongoing topics via numerous conference calls, carried out whenever appropriate.

Details on the Management Board are provided on Evotec’s website under www.evotec.com; section ‘About’.

**Supervisory Board (“Aufsichtsrat”)**

Following the Articles of Association, the Evotec Supervisory Board consists of six members. The members of the Evotec Supervisory Board have been elected at the AGMs 2014, 2015 and 2017. Evotec’s Supervisory Board members were, in accordance with the Code’s recommendations regardless of gender, nationality or age, appointed on the basis of their qualifications, work experience, independence and diversity.

However, the Supervisory Board has specified concrete objectives regarding diversity and a corresponding competence profile regarding its composition, which are ensured when making proposals to the AGM for election or re-election of new Supervisory Board members. These objectives stipulate that the activities of the Company shall be represented by having a majority of independent Supervisory Board members with national and international experience in the respective fields of (i) Research and Development, (ii) Finance, Capital markets, Legal, Corporate Governance, (iii) Marketing and Sales and Operations and (iv) Healthcare Economy/Public Health. Potential conflict-of-interest situation(s) shall be avoided by deploying the highest scrutiny when assessing potential candidates. In addition, the Supervisory Board shall ensure that the individual age of a candidate shall not exceed 72 years at the time of the proposal. Diversity with regard to female representation shall be ensured by having a target quota of 30% female members of the Supervisory Board. Finally, the Supervisory Board has agreed on two full terms as the regular limit of length of membership to the Supervisory Board. Overall, the Supervisory Board shall be composed in such a way that the majority of its members are independent and that its members as a group possess the knowledge, ability and expert experience required to properly complete its tasks.

Currently, the composition of Evotec’s Supervisory Board fulfils all those objectives: all six members are considered as independent in accordance with Section 5.4.2 of the Code, four nationalities are represented and there are two female members.

The Members of the Supervisory Board are elected by the shareholders by a simple majority of the votes cast at an Annual General Meeting. The Supervisory Board appoints a Chairman and one Vice Chairman from among its members. The members of the Supervisory Board are elected for five years and may be re-elected. The term of the current members of the Evotec Supervisory Board will expire at the end of the AGM held in the year 2019.

The Supervisory Board advises and oversees the Management Board in the management of the Company. Based upon regular consultations with the Management Board, the Supervisory Board is involved in strategic and planning decisions and all decisions of fundamental importance to the Company.

Furthermore and upon request, the Supervisory Board Chair is available to discuss Supervisory Board-related issues with investors.
In accordance with the internal rules of procedure, decisions taken by the Management Board on major transactions such as issues, which by corporate law require the Supervisory Board to decide, the strategic and operational direction of the Company, the annual budget, major acquisitions, investment or licence agreements, establishing and acquiring companies or material changes to the Group structure (either by +/- 5% of ownership or to the effect that control in such entity is assumed or lost), business contracts outside the Company’s ordinary course of business that have significantly different risk profiles as well as establishing new business operations or significantly revising existing business operations, require the approval of the Supervisory Board.

The Chairman of the Supervisory Board coordinates the work in the Supervisory Board, calls and chairs its meetings and externally represents the concerns of the body.

The articles of association provide that while resolutions shall typically be passed in meetings, however, upon the Chairman’s instruction resolutions can be passed without a meeting by written notice, by telephone, facsimile, e-mail or by other conventional means of communication. The articles of association further provide that more than half of the members of the Supervisory Board must participate in voting on a resolution to constitute a quorum. If such a quorum is not met a new meeting shall be called with a notice period of two weeks, in which case three present board members constitute a quorum. Absent members may participate in a resolution by delivering a written vote to the Supervisory Board. Unless otherwise required by law or by the articles of association, resolutions of the Supervisory Board are passed by a simple majority of the votes cast.

The Supervisory Board has its own internal rules of procedure (see www.evotec.com; Invest section) and complies with the Code’s suggestion to hold occasional separate discussions.

In 2018, a conflict of interest in the Supervisory Board existed in an undisclosed matter and the respective Supervisory Board member did not participate in the respective discussion. No decision was taken.

On a regular basis the Supervisory Board examines the efficiency of its activities as recommended in the Corporate Governance Code. To date all such audits have led to the conclusion that the Supervisory Board is organised efficiently and that the Management Board and the Supervisory Board interact efficiently and effectively.

An overview of its work can be found in the Report of the Supervisory Board, which can be found in the Management Report in the Evotec Annual Report on the website of the Company under www.evotec.com in the Invest section.

Information on the professional affiliations of board members and on related party transactions can be found in the Annual Report of the Company. In addition, details on the Supervisory Board are provided on Evotec’s website under www.evotec.com; section ‘About’.

Work in Supervisory Board Committees

A significant proportion of the Supervisory Board’s work is conducted in committees. From among its members, Evotec’s Supervisory Board has established, pursuant to the German Stock Corporation Act and the recommendations of the Code, an Audit Committee as well as
a Remuneration and Nomination Committee. Members of both committees are appointed in accordance with the Code.

For information about the composition of the Supervisory Board Committees please see the website of the Company under www.evotec.com in the Invest section.

Evotec’s Audit Committee, comprising three members, supports the Supervisory Board in independently monitoring the Company’s financial reporting activities and in auditing reports. In particular, the Audit Committee scrutinises the Company’s accounting processes, the effectiveness of the internal control system and the audit. In addition, it discusses the quarterly and half-year reports with the Management Board. Within the scope of the audit of the financial statements commissioned by the Supervisory Board, the Audit Committee also discusses certain steps and procedures of the audit with the appointed auditing firm, including the auditors’ independence, the additional services rendered by the auditor, the issuing of the audit mandate to the auditing firm, the determination of auditing focal points, the fee agreement and compliance issues.

The members of the Audit Committee possess the required skills and experience. As a Chief Financial Officer, the Audit Committee’s Chairman Bernd Hirsch not only is independent, but also has the required specialist knowledge and experience in the application of accounting principles and internal control processes. Neither the Chairman of the Supervisory Board nor a former member of the Management Board may become Chairman of the Audit Committee. Evotec’s Audit Committee Charter can be found on the Company’s website (www.evotec.com) in the Invest section.

The committee meets at least four times annually. The audit committee shall have a quorum if at least two of its members participate in the passing of a resolution. Resolutions require a simple majority of the votes cast. Evotec’s Audit Committee Charter can be found on the Company’s website (www.evotec.com) in the Invest section.

The main duties and responsibilities of the Company’s Remuneration and Nomination Committee are to prepare the appointment of Management Board members and to prepare recommendations concerning their remuneration system and Share Performance Plan. Final decisions are made by the full Supervisory Board.

Remuneration of Board members

Evotec complies with the recommendations of the Corporate Governance Code to provide details of the remuneration of each individual member of the Management Board and the Supervisory Board. Detailed information on the remuneration of Management Board members, divided into fixed and variable compensation components as well as any fringe benefits, and remuneration of Supervisory Board members is reported in a separate section of the Management Report (“Remuneration Report”) of the Evotec Annual Report. The Evotec Annual Report is available on the website of the Company under www.evotec.com in the Invest section. The remuneration of the Board Members is also publicised on Evotec’s website under www.evotec.com in the Invest section.

Evotec procured directors and officer’s liability insurance cover for its Management and Supervisory Board members, its senior management and the directors of its subsidiaries at a cost to the Company. For the members of Supervisory Board, an appropriately sized
deductible, and for the members of the Management Board, a deductible in line with the stipulations of the legal provisions of the VorstAG, were agreed upon.

Shareholders and Annual General Meeting (AGM)

Evotec AG shareholders exercise their co-determination and monitoring rights at the AGM, convened at least once a year. The AGM takes decisions on all statutory matters that are binding on all shareholders and the Company. For voting on resolutions, each share confers one vote.

All shareholders registering in due time are entitled to participate in the AGM. Evotec offers shareholders who are unable to attend the AGM the opportunity to access key parts of the event live on the internet. The Company also encourages non-attendees to exercise their voting rights by arranging independent proxies who are bound to the shareholders’ instructions. Shareholders may also authorise a person of their choice to represent them at the meeting.

The invitation to the AGM and the reports and information required for voting are published in accordance with the provisions of the German Stock Corporation Act and provided in German and English on Evotec’s website under www.evotec.com in the Invest section.

Directors’ Dealings

Under the European Market Abuse Regulation, the members of the Supervisory Board and the Management Team of Evotec as well as persons who have a close relationship with these persons are obligated to report trading in Evotec stock so far as the transactions exceed in aggregate € 5,000.00 (the de minimus threshold) per calendar year. In addition, Evotec has established an Insider Trading Policy (see www.evotec.com; Invest section) that sets standards for board members’ and employees’ trading in Evotec shares and thus ensures transparency.

During 2018, the following Directors’ Dealings were reported:

1) COO effective 01 January 2019

Changes to the directors’ shareholdings will be published on Evotec website under www.evotec.com in the Invest section.
Declaration of Corporate Management 2018
Declaration of Corporate Management (§§ 289f, 315d HGB)

The actions of Evotec AG’s management and oversight bodies are determined by the principles of good and responsible Corporate Governance. In this declaration, the Management Board – also acting on behalf of the Supervisory Board – provides its report on corporate management in the Group pursuant to sections 289f, 315d of the German Commercial Code (HGB) and pursuant to subsection 3.10 of the German Corporate Governance Code. Our aim is to present our corporate management principles as clearly and concisely as possible.

Declaration of compliance and reporting on Corporate Governance

Declaration of compliance

With the following exceptions, Evotec complies with all recommendations of the Code and the majority of the Code’s suggestions. In December 2017, Evotec’s Management Board and Supervisory Board declared in accordance with Section 161 of the German Stock Corporation Act (AktG):

"Evotec AG has complied in 2017 with the recommendations of the Governmental Commission on the German Corporate Governance Code (the "Code") as published in the official section of the Federal Gazette and intends to comply in the future with the recommendations of the Code, with the following exceptions:

- **Pursuant to Section 4.2.3 of the Code, the monetary remuneration of the Management Board members comprises fixed and variable components. Variable remuneration components consist of a one-year variable remuneration determined by a bonus scheme and a long-term so-called Share Performance Plan scheme approved by the Annual General Meetings 2012, 2015 and 2017. The Share Performance Plans have a multiple-year assessment basis that has essentially forward-looking characteristics, whereas the bonus scheme is based on the achievement of certain strategic targets set by the Supervisory Board for a certain financial year.**

- **The Share Performance Plans comply with the recommendations set forth in Section 4.2.3 of the Code. In particular, they refer to specific key performance indicators and define a “Maximum Target”. However, as the issuance of awards under the Share Performance Plans 2012 and 2015 after the four-year vesting period is effected in shares, there is a cap for the number of awards upon allocation, but no other cap for the value of the allocated shares. That value will only be determined by the share price at that time. The Share Performance Plan 2017 has introduced a cap with a maximum level of 350% of the contractual issue value and therefore complies in all respects with the Code.**

- **Stock options issued in existing stock option programmes before their replacement by the Share Performance Plans remain valid. While the exercise of options under these stock option programmes requires an increase of the share price, the exercise is not related to other relevant comparison parameters as recommended in Section 4.2.3 of the Code. This decision is based on the lack of relevant comparison benchmarks in the field of German Biotech at the time when the stock option programmes were created.**
The Company’s D&O insurance and the deductible for members of the Management Board contained therein are in line with Section 3.8 of the Code and with the regulations of the Act on the Appropriateness of Management Board Compensation (VorstAG) that was enacted in 2009. However, for members of the Supervisory Board, the D&O insurance contains a “reasonable” deductible as foreseen by the version of the Code in force before its version published on 05 August 2009. The Company has decided to maintain this reasonable deductible. This decision was made in view of the Company’s interest to attract international expertise for its Supervisory Board and the fact that a deductible for non-executive directors is not very common in international practice. Whilst a lot of the German companies quoted on the TecDAX do not have a respective deductible at all, the Company believes that a reasonable deductible is a good compromise.”

The current Declaration of Compliance with the German Corporate Governance Code and the declarations of the past five years can be found on Evotec’s website (www.evotec.com) in the Investor Relations section.

Relevant management practices and compliance

Relevant management practices

Evotec takes its Corporate Governance responsibilities very seriously. As a consequence of its shares’ listing at the Frankfurt Stock Exchange and its international shareholder base, the Company recognises not only German but also international Corporate Governance standards, insofar as German law does not explicitly stipulate otherwise. Evotec’s Management and Supervisory Boards are convinced that complying with rigorous Corporate Governance standards is of great benefit to the Company. It includes integrity in the dealings with employees, business associates, shareholders and the public, expressed in Evotec’s own exemplary conduct. As a service provider, Evotec has to win and retain the trust of its customers and business associates through impeccable behaviour. The Group’s aim is to be credible, solid and reliable and act accordingly. Thus Evotec regularly reviews and enhances its Corporate Governance practices.

Within the frame of strategical determination by the Management Board, specific goals are established and communicated. To accomplish our targets, we rely on the enterprise and initiative of our managers and employees. We achieve consensus on clearly defined objectives, and we regularly monitor how well we are meeting them. These agreements on aims are a fundamental component of our leadership philosophy and a crucial element of our remuneration system.

Code of conduct

Evotec’s corporate culture is committed to the highest standards of openness, integrity and accountability. A key element of integrity is compliance, which means adherence to both, the applicable laws and Company’s internal policies. Evotec’s commitment to a compliance-oriented culture is reflected in the Company’s Code of Conduct, which stipulates fundamental ethical principles, such as integrity and professionalism, that apply to board members and other employees alike.
The Code of Conduct sets standards for:

- Accounting and the permissible use of the Company’s funds and assets;
- Compliance with insider trading laws and prevention of conflicts of interest;
- Compliance with antitrust legislation;
- Compliance with anti-corruption laws and associated internal guidelines;
- A work environment free of any form of discrimination and harassment;
- Non-disclosure and protection of intellectual property and business secrets; and
- The duty to report upon the suspicion of an infringement of the Code of Conduct (whistle-blowing), except for France where such whistle-blowing will be considered in combination with the roll-out of the electronic Compliance Training.

Evotec does not tolerate any violation of applicable laws or internal policies.

The Code of Conduct is published on the Evotec website (www.evotec.com) in the Investor Relations section.

**Compliance organisation**

The Compliance Programme of Evotec AG is overseen by the Company’s Compliance Officer, functioning as an independent and objective body that reviews and evaluates compliance issues/concerns within the organisation and is regularly trained via a group-wide (except France) electronic Compliance Training tailored to the specific compliance issues and associated risks at the Company. The aim is to maintain permanent compliance awareness within all areas of Evotec’s business to ensure that any decision is in line with Evotec’s compliance best practices and to mitigate compliance risks. Said training is mandatory for all board members and other employees. The Company’s Compliance Officer monitors the participation in the training at regular intervals.

The Compliance Office helps to communicate the values underlying the Code of Conduct and anchor them firmly in the Group. It ensures Group-wide implementation of the Compliance Programme.

Another important aspect of accountability and transparency is a mechanism to enable all Evotec employees to voice concerns in a responsible and effective manner. Suspected compliance violations can be reported to an employee’s responsible line manager, the Company’s Compliance Officer or may also be reported to a worldwide compliance (whistle-blowing) hotline which is available 24 hours a day, 7 days a week. The latter can also be done anonymously, except for France where such whistle-blowing will be considered in combination with the roll-out of the electronic Compliance Training. In 2017, no reports via the central compliance hotline were registered.

Evotec also complies with the financial market rules. The Company maintains an ad hoc Committee, which consists of the Chief Financial Officer, the General Counsel, the Head of Investor Relations and the assistant to the Board. This committee examines the ad hoc relevance of insider information and ensures that Evotec complies with the law.
Risk management

An important element of sound Corporate Governance is dealing responsibly with risks. Evotec has established an effective risk and opportunities management system that enables the Management Board to detect and react to relevant risks and market developments in good time. The Management Board reports on these to the Supervisory Board. The Company's risk and opportunities management system and policies are covered by the annual audit of financial statements. Details can be found in the Management Report of the Evotec Annual Report (www.evotec.com, Investor Relations section). It also contains the report on the accounting-related internal control and risk management system required in accordance with the German Accounting Modernisation Act (BiMoG).

These systems are continually developed, adjusted to match changes in overall conditions and reviewed by the auditors. The Management Board regularly informs the Supervisory Board about existing risks and the development of these risks.

Transparency

Evotec AG informs its shareholders, financial analysts, the media and the public on a regular basis about its progress. In doing so, the Company complies with all requirements of the Code regarding transparency, timeliness, openness and shareholder equality. Evotec is committed to fair disclosure of information and its communication is governed by a Company Disclosure Policy. It is a prime concern of the Company that all relevant target groups receive the same information at the same time, and this implies communicating in both English and German. The Company’s publications are available on its website www.evotec.com in the Investor Relations section.

This section of Evotec’s website maintains information such as news releases, the financial calendar containing the publication dates of the financial statements, investor relations conferences, annual and quarterly reports, other regulatory news and regularly updated corporate governance information. This section of the website also includes the Articles of Association, the Rules of Procedure of the Supervisory Board, the Audit Committee Charter, the Code of Conduct, the Insider Trading Policy and all declarations of compliance.

Moreover, the Company website at www.evotec.com provides comprehensive information on the Evotec Group and the Evotec share.

Accounting and auditing

On a regular basis, Evotec provides financial and business information to its shareholders and other interested parties by publishing its annual Consolidated Financial Statements and quarterly reports. As an incorporated company whose registered head office is located within the European Union, Evotec AG must prepare and publish Consolidated Financial Statements in accordance with the International Financial Reporting Standards (IFRS) whilst observing Section 315a HGB (German Commercial Code). The Consolidated Financial Statements of the Evotec Group and the financial statements of Evotec AG are audited by the audit firm and the Supervisory Board. The audit firm is appointed by the shareholders at the Annual General Meeting and commissioned by the Supervisory Board. It participates at the Supervisory Board’s deliberations on the financial statements and reports the most significant results of
its audit. The Audit Committee uses this information as a guideline for its own evaluation of the statements and reports.

The disclosed financial statements and the management reports for Evotec AG, as well as the Consolidated Financial Statements together with the consolidated management report of the Evotec Group, are audited by Ernst & Young GmbH Wirtschaftsprüfungsgesellschaft, Hamburg. These audits also covered risk management and compliance with reporting requirements concerning corporate governance pursuant to section 161 of the German Stock Corporation Act. Following its consultations, the Supervisory Board also approves the financial statements and the Consolidated Financial Statements.

**Working methods of the Management Board and Supervisory Board**

*Composition and working methods of the Management Board and Supervisory Board*

According to the German Stock Corporation Act (AktG), a two-tier system with clear separation of management through the Management Board ("Vorstand"), and control through the Supervisory Board ("Aufsichtsrat"), is mandatory for German stock corporations. The Management Board is responsible for managing Evotec and representing the Company in its dealings with third parties, while the Supervisory Board appoints and dismisses the members of the Evotec Management Board and oversees the management of the Company. German law prohibits the Supervisory Board from making management decisions. The two boards, however, work closely together to achieve long-term and sustainable growth for the Company and to create shareholder value. They agree on the Company’s strategy and on business transactions that are significant. The Annual General Meeting ("AGM"; “Hauptversammlung”) is the company body representing the interests of the shareholders.

**Management Board ("Vorstand")**

The Management Board of Evotec AG is responsible for the day-to-day operations of the Company and is supported by the Management Team. In its business operations and decisions, the Management Board acts on behalf of the Company and works towards its progress with the objective of sustainable creation of value, thus taking into account the interests of the shareholders, the employees and other stakeholders. The Management Board is appointed by the Supervisory Board.

The Management Board is responsible for corporate policy, the company’s strategic orientation, financial, investment and personnel planning, resource allocation and the management of the divisions. The Management Board is responsible for preparing the quarterly Consolidated Financial Statements and the annual Consolidated Financial Statements, as well as the annual financial statements of Evotec AG. It is also responsible for the establishment of an effective risk management system, cares for compliance with legal requirements and internal guidelines.

Under Evotec’s Articles of Association, the Supervisory Board determines the size of the Management Board, which must have at least one member under the German Stock Corporation Act. The Evotec Management Board consists, in addition to the CEO, of three further board members. In accordance with a suggestion of the Code, new members are appointed for up to three years; however, prolongations of existing contracts might be up to five years as currently agreed with the Chief Executive Officer. Management Board members may be reappointed and may be dismissed with good cause prior to the termination of their
terms of office. Members of Evotec’s Management Board have not accepted more than a total of three Supervisory Board mandates in non-Group listed companies or in supervisory bodies of companies with similar requirements. The Articles of Association can be found on Evotec’s website under www.evotec.com in the Investor Relations section.

With regards to diversity within the Management Board, it has to be taken into account that Evotec works in a globalised industry and has a broad and international customer base. Therefore, the Supervisory Board selects Management Board members regardless of gender, nationality or age; instead, the focus lies on their qualifications and work experience only. However, for the first time in 2015, the Supervisory Board of Evotec AG set a target quota of 0% female members on the Management Board in accordance with § 111 section 5 AktG for the time being due to the fact that new contracts have been agreed upon with all current Management Board members shortly before the entry into force of the new legislation. All of these contracts have a term extending beyond 30 June 2017. This target quota was confirmed in 2017 for a further five-year period due to the current term of the contracts of the Management Board members. In accordance with § 76 section 4 AktG, the Management Board of Evotec AG set a target quota of 30% female members in the first and second management levels below the Management Board, which were both achieved by 30 June 2017. This target quota was confirmed for a further five-year period as well.

The activities of the Management Board are regulated by its internal Rules of Procedure, which set out the matters reserved for the full Management Board, the responsibilities of the areas of responsibility and the majorities necessary for passing resolutions.

Meetings of the Management Board shall be called by the Chairman of the Board. Each member of the Management Board may request that an extraordinary meeting of the Management Board be called outside its regular meetings. The board meetings are chaired by the Chairman of the Management Board, who also coordinates the areas of responsibility. Persons who are not board members can, if so resolved by the Management Board, be admitted to board meetings in a consultative capacity.

Brief minutes have to be made of material discussions and resolutions. Resolutions of the Management Board will be carried regularly at its meetings. Resolutions may also be carried without a meeting, however, in writing, by telex or by telephone. The Management Board shall be quorate if a majority of its Members vote on a resolution. Resolutions of the Management Board shall be passed by a simple majority. Should there be a tie, the CEO shall decide.

The Management Board also provides continuous updates to the Supervisory Board through regular verbal and written reports that includes in depth analysis of the status of operations. The information provided includes written monthly management reports with extensive coverage of the Company’s financial figures for the previous month, accompanied by detailed comments and explanatory text. In addition, the Management Board must submit a budget for the following fiscal year and a plan for the medium term to the Supervisory Board. The Management Board is also required to report to the Supervisory Board in a timely fashion on any transactions that may be significant with respect to the profitability or liquidity of the Company in order to give the Supervisory Board an opportunity to express its opinion on such transactions prior to their implementation.
The Chairman of the Supervisory Board and the Chief Executive Officer as well as other members of the Management Board discussed current and ongoing topics via numerous conference calls, carried out whenever appropriate.

Details on the Management Board are provided on Evotec’s website under www.evotec.com; section ‘About’.

Supervisory Board (“Aufsichtsrat”)

Following the Articles of Association, the Evotec Supervisory Board consists of six members. The members of the Evotec Supervisory Board have been elected at the AGMs 2014, 2015 and 2017. Evotec’s Supervisory Board members were, in accordance with the Code’s recommendations regardless of gender, nationality or age, appointed on the basis of their qualifications, work experience, independence and diversity.

However, the Supervisory Board has specified concrete objectives and a corresponding competence profile regarding its composition, which are ensured when making proposals to the AGM for election or re-election of new Supervisory Board members. These objectives stipulate that the activities of the Company shall be represented by having a majority of independent Supervisory Board members with national and international experience in the respective fields of (i) Research and Development, (ii) Finance, Capital markets, Legal, Corporate Governance, (iii) Marketing and Sales and Operations and (iv) Healthcare Economy/Public Health. Potential conflict-of-interest situation(s) shall be avoided by deploying the highest scrutiny when assessing potential candidates. In addition, the Supervisory Board shall ensure that the individual age of a candidate shall not exceed 72 years at the time of the proposal. Diversity with regard to female representation shall be ensured by having a target quota of 30% female members of the Supervisory Board. Finally, the Supervisory Board has agreed on two full terms as the regular limit of length of membership to the Supervisory Board. Overall, the Supervisory Board shall be composed in such a way that the majority of its members are independent and that its members as a group possess the knowledge, ability and expert experience required to properly complete its tasks.

Currently, the composition of Evotec's Supervisory Board fulfils all those objectives: four out of six members are independent, four nationalities are represented and there are two female members.

Prof. Dr Wolfgang Plischke (Chairman), Bernd Hirsch (Vice Chairman), Dr Claus Braestrup and Prof. Dr Iris Löw-Friedrich are considered to be independent in accordance with Section 5.4.2 of the Code, while Elaine Sullivan is CEO of Carrick Therapeutics Ltd, a company in which Evotec AG holds 4.57% of the shares, and Michael Shalmi is Managing Director, Head of Principal Investments of Novo Holdings A/S, which is a shareholder of Evotec AG with a shareholding amounting to more than 10%. No former member of the Management Board is a member of the Supervisory Board.

The Members of the Supervisory Board are elected by the shareholders by a simple majority of the votes cast at an Annual General Meeting. The Supervisory Board appoints a Chairman and one Vice Chairmen from among its members. The members of the Supervisory Board are elected for five years and may be re-elected. The term of the current members of the Evotec Supervisory Board will expire at the end of the AGM held in the year 2019.
The Supervisory Board advises and oversees the Management Board in the management of the Company. Based upon regular consultations with the Management Board, the Supervisory Board is involved in strategic and planning decisions and all decisions of fundamental importance to the Company.

Furthermore and upon request, the Supervisory Board Chair is available to discuss Supervisory Board-related issues with investors.

In accordance with the internal rules of procedure, decisions taken by the Management Board on major transactions such as the strategic and operational direction of the Company, the annual budget, major acquisitions, investment or licence agreements, business contracts outside the Company’s ordinary course of business that have significantly different risk profiles as well as establishing new business operations or significantly revising existing business operations, require the approval of the Supervisory Board.

The Chairman of the Supervisory Board coordinates the work in the Supervisory Board, calls and chairs its meetings and externally represents the concerns of the body.

The articles of association provide that while resolutions shall typically be passed in meetings, however, upon the Chairman’s instruction resolutions can be passed without a meeting by written notice, by telephone, facsimile, e-mail or by other conventional means of communication. The articles of association further provide that more than half of the members of the Supervisory Board must participate in voting on a resolution to constitute a quorum. If such a quorum is not met a new meeting shall be called with a notice period of two weeks, in which case three present board members constitute a quorum. Absent members may participate in a resolution by delivering a written vote to the Supervisory Board. Unless otherwise required by law or by the articles of association, resolutions of the Supervisory Board are passed by a simple majority of the votes cast.

The Supervisory Board has its own internal rules of procedure (see www.evotec.com; Investor Relations section) and complies with the Code’s suggestion to hold occasional separate discussions.

The Supervisory Board was not informed about any potential conflict of interest among one of its members in the course of 2017.

On a regular basis the Supervisory Board examines the efficiency of its activities as recommended in the Corporate Governance Code. To date all such audits have led to the conclusion that the Supervisory Board is organised efficiently and that the Management Board and the Supervisory Board interact efficiently and effectively.

An overview of its work can be found in the Report of the Supervisory Board, which can be found in the Management Report in the Evotec Annual Report on the website of the Company under www.evotec.com in the Investor Relations section.

Information on the professional affiliations of board members and on related party transactions can be found in the Annual Report of the Company. In addition, details on the Supervisory Board are provided on Evotec’s website under www.evotec.com; section ‘About’.
Work in Supervisory Board Committees

A significant proportion of the Supervisory Board’s work is conducted in committees. From among its members, Evotec’s Supervisory Board has established, pursuant to the German Stock Corporation Act and the recommendations of the Code, an Audit Committee as well as a Remuneration and Nomination Committee. Members of both committees are appointed in accordance with the Code.

For information about the composition of the Supervisory Board Committees please see the website of the Company under www.evotec.com in the Investor Relations section.

Evotec’s Audit Committee, comprising three members, supports the Supervisory Board in independently monitoring the Company’s financial reporting activities and in auditing reports. In particular, the Audit Committee scrutinises the Company’s accounting processes, the effectiveness of the internal control system and the audit. In addition, it discusses the quarterly and half-year reports with the Management Board. Within the scope of the audit of the financial statements commissioned by the Supervisory Board, the Audit Committee also discusses certain steps and procedures of the audit with the appointed auditing firm, including the auditors’ independence, the additional services rendered by the auditor, the issuing of the audit mandate to the auditing firm, the determination of auditing focal points, the fee agreement and compliance issues.

The members of the Audit Committee possess the required skills and experience. As a Chief Financial Officer, the Audit Committee’s Chairman Bernd Hirsch not only is independent, but also has the required specialist knowledge and experience in the application of accounting principles and internal control processes. Neither the Chairman of the Supervisory Board nor a former member of the Management Board may become Chairman of the Audit Committee. Evotec’s Audit Committee Charter can be found on the Company’s website (www.evotec.com) in the Investor Relations section.

The committee meets at least four times annually. The audit committee shall have a quorum if at least two of its members participate in the passing of a resolution. Resolutions require a simple majority of the votes cast. Evotec’s Audit Committee Charter can be found on the Company’s website (www.evotec.com) in the Investor Relations section.

The main duties and responsibilities of the Company’s Remuneration and Nomination Committee are to prepare the appointment of Management Board members and to prepare recommendations concerning their remuneration system and Share Performance Plan. Final decisions are made by the full Supervisory Board.

Remuneration of Board members

Evotec complies with the recommendations of the Corporate Governance Code to provide details of the remuneration of each individual member of the Management Board and the Supervisory Board. Detailed information on the remuneration of Management Board members, divided into fixed and variable compensation components as well as any fringe benefits, and remuneration of Supervisory Board members is reported in a separate section of the Management Report (“Remuneration Report”) of the Evotec Annual Report. The Evotec Annual Report is available on the website of the Company under www.evotec.com in the
Investor Relations section. The remuneration of the Board Members is also publicised on Evotec's website under www.evotec.com in the Investor Relations section.

Evotec procured directors and officer’s liability insurance cover for its Management and Supervisory Board members, its senior management and the directors of its subsidiaries at a cost to the Company. For the members of Supervisory Board, an appropriately sized deductible, and for the members of the Management Board, a deductible in line with the stipulations of the legal provisions of the VorstAG, were agreed upon.

Shareholders and Annual General Meeting (AGM)

Evotec AG shareholders exercise their co-determination and monitoring rights at the AGM, convened at least once a year. The AGM takes decisions on all statutory matters that are binding on all shareholders and the Company. For voting on resolutions, each share confers one vote.

All shareholders registering in due time are entitled to participate in the AGM. Evotec offers shareholders who are unable to attend the AGM the opportunity to access key parts of the event live on the internet. The Company also encourages non-attendees to exercise their voting rights by arranging independent proxies who are bound to the shareholders’ instructions. Shareholders may also authorise a person of their choice to represent them at the meeting.

The invitation to the AGM and the reports and information required for voting are published in accordance with the provisions of the German Stock Corporation Act and provided in German and English on Evotec’s website under www.evotec.com in the Investor Relations section.

Directors’ Dealings

Under the European Market Abuse Regulation, the members of the Supervisory Board and the Management Team of Evotec as well as persons who have a close relationship with these persons are obligated to report trading in Evotec stock so far as the transactions exceed in aggregate € 5,000 (the de minimus threshold) per calendar year. In addition, Evotec has established an Insider Trading Policy (see www.evotec.com; Investor Relations section) that sets standards for board members’ and employees’ trading in Evotec shares and thus ensures transparency.

During 2017, the following Directors’ Dealings were reported:

\(^2\) Following the AGM in June 2017

Changes to the directors’ shareholdings will be published on Evotec website under www.evotec.com in the Investor Relations section.
Declaration of Corporate Management

2017
Declaration of Corporate Management (§ 289a HGB)

The actions of Evotec AG’s management and oversight bodies are determined by the principles of good and responsible Corporate Governance. In this declaration, the Management Board – also acting on behalf of the Supervisory Board – provides its report on corporate management in the Group pursuant to section 289a (1) of the German Commercial Code (HGB) and pursuant to subsection 3.10 of the German Corporate Governance Code. Our aim is to present our corporate management principles as clearly and concisely as possible.

Declaration of compliance and reporting on Corporate Governance

Declaration of compliance

With the following exceptions, Evotec complies with all recommendations of the Code and the majority of the Code’s suggestions. In December 2016, Evotec’s Management Board and Supervisory Board declared in accordance with Section 161 of the German Stock Corporation Act (AktG):

"Evotec AG has complied in 2016 with the recommendations of the Governmental Commission on the German Corporate Governance Code (the "Code") as published in the official section of the Federal Gazette and intends to comply in the future with the recommendations of the Code, with the following exceptions:

- To incentivise executives via variable long-term incentive compensation, the 2012 and 2015 Annual General Meetings approved the so-called Share Performance Plans. These comply with the recommendations set forth in Section 4.2.3 of the Code. In particular, they refer to specific key performance indicators and define a "Maximum Target". As the issuance of awards under the Share Performance Plans 2012 and 2015 occurs after the four year vesting period is effected in shares, there is a cap for the number of awards upon allocation, but no other cap for the value of the allocated shares after the expiration of the vesting period. That value will only be determined by the share price at that time. From 2012 onwards, the Share Performance Plans replaced Evotec’s stock option programme. Stock options issued in existing stock option programmes remain valid. While the exercise of options under these programmes requires an increase of the share price, the exercise is not related to other relevant comparison parameters as recommended in Section 4.2.3 of the Code. This decision is based on the lack of relevant comparison benchmarks in the field of German Biotech at the time when the stock option programmes were created.

- The Company’s D&O insurance and the deductible for members of the Management Board contained therein are in line with Section 3.8 of the Code and with the regulations of the Act on the Appropriateness of Management Board Compensation (VorstAG) that was enacted in 2009. However, for members of the Supervisory Board, the D&O insurance contains a “reasonable” deductible as foreseen by the version of the Code in force before its version published on 05 August 2009. The Company has decided to maintain this reasonable deductible. This decision was made in view of the Company’s interest to attract international expertise for its Supervisory Board and the fact that a deductible for non-executive directors is not very common in
international practice. Whilst a lot of the German companies quoted on the TecDAX do not have a respective deductible at all, the Company believes that a reasonable deductible is a good compromise.”

The current Declaration of Compliance with the German Corporate Governance Code and the declarations of the past five years can be found on Evotec's website (www.evotec.com) in the Investor Relations section.

Relevant management practices and compliance

Relevant management practices

Evotec takes its Corporate Governance responsibilities very seriously. As a consequence of its shares’ listing at the Frankfurt Stock Exchange and its international shareholder base, the Company recognises not only German but also international Corporate Governance standards, insofar as German law does not explicitly stipulate otherwise. Evotec's Management and Supervisory Boards are convinced that complying with rigorous Corporate Governance standards is of great benefit to the Company. It includes integrity in the dealings with employees, business associates, shareholders and the public, expressed in Evotec’s own exemplary conduct. As a service provider, Evotec has to win and retain the trust of its customers and business associates through impeccable behaviour. The Group’s aim is to be credible, solid and reliable and act accordingly. Thus Evotec regularly reviews and enhances its Corporate Governance practices.

Within the frame of strategical determination by the Management Board, specific goals are established and communicated. To accomplish our targets, we rely on the enterprise and initiative of our managers and employees. We achieve consensus on clearly defined objectives, and we regularly monitor how well we are meeting them. These agreements on aims are a fundamental component of our leadership philosophy and a crucial element of our remuneration system.

Code of conduct

Evotec’s corporate culture is committed to the highest standards of openness, integrity and accountability. A key element of integrity is compliance, which means adherence to both, the applicable laws and Company’s internal policies. Evotec’s commitment to a compliance-oriented culture is reflected in the Company’s Code of Conduct, which stipulates fundamental ethical principles, such as integrity and professionalism, that apply to board members and other employees alike.

The Code of Conduct sets standards for

- Accounting and the permissible use of the Company’s funds and assets;
- Compliance with insider trading laws and prevention of conflicts of interest;
- Compliance with antitrust legislation;
- Compliance with anti-corruption laws and associated internal guidelines;
- A work environment free of any form of discrimination and harassment;
- Non-disclosure and protection of intellectual property and business secrets; and
- The duty to report upon the suspicion of an infringement of the Code of Conduct (whistle-blowing), except for France where such whistle-blowing will be considered in combination with the roll-out of the electronic Compliance Training.
Evotec does not tolerate any violation of applicable laws or internal policies.

The Code of Conduct is published on the Evotec website (www.evotec.com) in the Investor Relations section.

**Compliance organisation**

The Compliance Programme of Evotec AG is overseen by the Company’s Compliance Officer, functioning as an independent and objective body that reviews and evaluates compliance issues/concerns within the organisation and is regularly trained via a group-wide (except France) electronic Compliance Training tailored to the specific compliance issues and associated risks at the Company. The aim is to maintain permanent compliance awareness within all areas of Evotec’s business to ensure that any decision is in line with Evotec’s compliance best practices and to mitigate compliance risks. Said training is mandatory for all board members and other employees. The Company’s Compliance Officer monitors the participation in the training at regular intervals.

The Compliance Office helps to communicate the values underlying the Code of Conduct and anchor them firmly in the Group. It ensures Group-wide implementation of the Compliance Programme.

Another important aspect of accountability and transparency is a mechanism to enable all Evotec employees to voice concerns in a responsible and effective manner. Suspected compliance violations can be reported to an employee’s responsible line manager, the Company’s Compliance Officer or may also be reported to a worldwide compliance (whistle-blowing) hotline which is available 24 hours a day, 7 days a week. The latter can also be done anonymously, except for France where such whistle-blowing will be considered in combination with the roll-out of the electronic Compliance Training. In 2016, no reports via the central compliance hotline were registered.

Evotec also complies with the financial market rules. The Company maintains an ad hoc Committee, which consists of the Chief Financial Officer, the General Counsel, the Head of Investor Relations and the assistant to the Board. This committee examines the ad hoc relevance of insider information and ensures that Evotec complies with the law.

**Risk management**

An important element of sound Corporate Governance is dealing responsibly with risks. Evotec has established an effective risk and opportunities management system that enables the Management Board to detect and react to relevant risks and market developments in good time. The Management Board reports on these to the Supervisory Board. The Company’s risk and opportunities management system and policies are covered by the annual audit of financial statements. Details can be found in the Management Report in the Evotec Annual Report (www.evotec.com, Investor Relations section). It also contains the report on the accounting-related internal control and risk management system required in accordance with the German Accounting Modernisation Act (BilMoG).

These systems are continually developed, adjusted to match changes in overall conditions and reviewed by the auditors. The Management Board regularly informs the Supervisory Board about existing risks and the development of these risks.

**Transparency**

Evotec AG informs its shareholders, financial analysts, the media and the public on a regular basis about its progress. In doing so, the Company complies with all requirements of the Code regarding transparency, timeliness, openness and shareholder equality. Evotec is committed to fair disclosure of information and its communication is governed by a Company Disclosure Policy. It is a prime concern of the Company that all relevant target
groups receive the same information at the same time, and this implies communicating in both English and German. The Company’s publications are available on its website www.evotec.com in the Investor Relations section.

This section of Evotec’s website maintains information such as news releases, the financial calendar containing the publication dates of the financial statements, investor relations conferences, annual and quarterly reports, other regulatory news and regularly updated corporate governance information. This section of the website also includes the Articles of Association, the Rules of Procedure of the Supervisory Board, the Audit Committee Charter, the Code of Conduct, the Insider Trading Policy and all declarations of compliance.

Moreover, the Company website at www.evotec.com provides comprehensive information on the Evotec Group and the Evotec share.

**Accounting and auditing**

On a regular basis, Evotec provides financial and business information to its shareholders and other interested parties by publishing its annual Consolidated Financial Statements and quarterly reports. As an incorporated company whose registered head office is located within the European Union, Evotec AG must prepare and publish Consolidated Financial Statements in accordance with the International Financial Reporting Standards (IFRS) whilst observing Section 315a HGB (German Commercial Code). The Consolidated Financial Statements of the Evotec Group and the financial statements of Evotec AG are audited by the audit firm and the Supervisory Board. The audit firm is appointed by the shareholders at the Annual General Meeting and commissioned by the Supervisory Board. It participates at the Supervisory Board’s deliberations on the financial statements and reports the most significant results of its audit. The Audit Committee uses this information as a guideline for its own evaluation of the statements and reports.

The disclosed financial statements and the management reports for Evotec AG, as well as the Consolidated Financial Statements together with the consolidated management report of the Evotec Group, are audited by Ernst & Young GmbH Wirtschaftsprüfungsgesellschaft, Hamburg. These audits also covered risk management and compliance with reporting requirements concerning corporate governance pursuant to section 161 of the German Stock Corporation Act. Following its consultations, the Supervisory Board also approves the financial statements and the Consolidated Financial Statements.

**Working methods of the Management Board and Supervisory Board**

**Composition and working methods of the Management Board and Supervisory Board**

According to the German Stock Corporation Act (AktG), a two-tier system with clear separation of management through the Management Board ("Vorstand"), and control through the Supervisory Board ("Aufsichtsrat"), is mandatory for German stock corporations. The Management Board is responsible for managing Evotec and representing the Company in its dealings with third parties, while the Supervisory Board appoints and dismisses the members of the Evotec Management Board and oversees the management of the Company. German law prohibits the Supervisory Board from making management decisions. The two boards, however, work closely together to achieve long-term and sustainable growth for the Company and to create shareholder value. They agree on the Company’s strategy and on business transactions that are significant. The Annual General Meeting ("AGM"; “Hauptversammlung”) is the company body representing the interests of the shareholders.
**Management Board ("Vorstand")**

The Management Board of Evotec AG is responsible for the day-to-day operations of the Company and is supported by the Management Team. In its business operations and decisions, the Management Board acts on behalf of the Company and works towards its progress with the objective of sustainable creation of value, thus taking into account the interests of the shareholders, the employees and other stakeholders. The Management Board is appointed by the Supervisory Board.

The Management Board is responsible for corporate policy, the company's strategic orientation, financial, investment and personnel planning, resource allocation and the management of the divisions. The Management Board is responsible for preparing the quarterly Consolidated Financial Statements and the annual Consolidated Financial Statements, as well as the annual financial statements of Evotec AG. It is also responsible for the establishment of an effective risk management system, cares for compliance with legal requirements and internal guidelines.

Under Evotec’s Articles of Association, the Supervisory Board determines the size of the Management Board, which must have at least one member under the German Stock Corporation Act. The Evotec Management Board consists, in addition to the CEO, of three further board members. In accordance with a suggestion of the Code, new members are appointed for up to three years; however, prolongations of existing contracts might be up to five years as currently agreed with the Chief Executive Officer. Management Board members may be reappointed and may be dismissed with good cause prior to the termination of their terms of office. Members of Evotec's Management Board have not accepted more than a total of three Supervisory Board mandates in non-Group listed companies or in supervisory bodies of companies with similar requirements. The Articles of Association can be found on Evotec's website under [www.evotec.com](http://www.evotec.com) in the Investor Relations section. In accordance with § 111 section 5 AktG, the Supervisory Board of Evotec AG set a target quota of 0% female members on the Management Board for the time being due to the fact that new contracts have been agreed upon with all current Management Board members shortly before the entry into force of the new legislation. All of these contracts have a term extending beyond 30 June 2017. In accordance with § 76 section 4 AktG, the Management Board of Evotec AG set a target quota of 30% female members in the first and second management levels below the Management Board both to be achieved by 30 June 2017.

The activities of the Management Board are regulated by its internal Rules of Procedure, which set out the matters reserved for the full Management Board, the responsibilities of the areas of responsibility and the majorities necessary for passing resolutions.

Meetings of the Management Board shall be called by the Chairman of the Board. Each member of the Management Board may request that an extraordinary meeting of the Management Board be called outside its regular meetings. The board meetings are chaired by the Chairman of the Management Board, who also coordinates the areas of responsibility. Persons who are not board members can, if so resolved by the Management Board, be admitted to board meetings in a consultative capacity.

Brief minutes have to be made of material discussions and resolutions. Resolutions of the Management Board will be carried regularly at its meetings. Resolutions may also be carried without a meeting, however, in writing, by telex or by telephone. The Management Board shall be quorate if a majority of its Members vote on a resolution. Resolutions of the Management Board shall be passed by a simple majority. Should there be a tie, the CEO shall decide.

The Management Board also provides continuous updates to the Supervisory Board through regular verbal and written reports that includes in depth analysis of the status of operations. The information provided includes written monthly management reports with
extensive coverage of the Company’s financial figures for the previous month, accompanied by detailed comments and explanatory text. In addition, the Management Board must submit a budget for the following fiscal year and a plan for the medium term to the Supervisory Board. The Management Board is also required to report to the Supervisory Board in a timely fashion on any transactions that may be significant with respect to the profitability or liquidity of the Company in order to give the Supervisory Board an opportunity to express its opinion on such transactions prior to their implementation.

The Chairman of the Supervisory Board and the Chief Executive Officer as well as other members of the Management Board discuss current and ongoing topics via numerous conference calls, carried out whenever appropriate.

Details on the Management Board are provided on Evotec’s website under www.evotec.com; section ‘About Us’.

Supervisory Board ("Aufsichtsrat")

Following the Articles of Association, the Evotec Supervisory Board consists of six members. The members of the Evotec Supervisory Board have been elected at the AGMs 2014 and 2015. Evotec’s Supervisory Board members were, in accordance with the Code’s recommendations, appointed on the basis of their qualifications, work experience, independence and diversity. Five out of the six members are considered to be independent in accordance with Section 5.4.2 of the Code where Elaine Sullivan is CEO of Carrick Therapeutics Ltd, a company in which Evotec AG holds 4.57% of the shares. No former member of the Management Board is a member of the Supervisory Board.

To ensure compliance with these recommendations, the Supervisory Board has specified concrete objectives regarding its composition, which are ensured when making proposals to the AGM for election or re-election of new Supervisory Board members. These objectives stipulate that the activities of the Company shall be represented by having a majority of independent Supervisory Board members with national and international experience in the respective fields of (i) Research and Development, (ii) Finance, Capital markets, Legal, Corporate Governance, (iii) Marketing and Sales and Operations and (iv) Healthcare Economy/Public Health. Potential conflict-of-interest situation(s) shall be avoided by deploying the highest scrutiny when assessing potential candidates. In addition, the Supervisory Board shall ensure that the individual age of a candidate shall not exceed 72 years at the time of the proposal. Diversity with regard to female representation shall be ensured by having a target quota of 30% female members of the Supervisory Board. Finally, the Supervisory Board has agreed on two full terms as the regular limit of length of membership to the Supervisory Board. Overall, the Supervisory Board shall be composed in such a way that the majority of its members are independent and that its members as a group possess the knowledge, ability and expert experience required to properly complete its tasks.

Currently, the composition of Evotec’s Supervisory Board fulfils all those objectives: five out of six members are independent, four nationalities are represented and there are two female members.

The Members of the Supervisory Board are elected by the shareholders by a simple majority of the votes cast at an Annual General Meeting. The Supervisory Board appoints a Chairman and one Vice Chairmen from among its members. The members of the Supervisory Board are elected for five years and may be re-elected. The term of the current members of the Evotec Supervisory Board will expire at the end of the AGM held in the year 2019.

The Supervisory Board advises and oversees the Management Board in the management of the Company. Based upon regular consultations with the Management Board, the
Supervisory Board is involved in strategic and planning decisions and all decisions of fundamental importance to the Company.

In accordance with the internal rules of procedure, decisions taken by the Management Board on major transactions such as the strategic and operational direction of the Company, the annual budget, major acquisitions, investment or licence agreements, business contracts outside the Company's ordinary course of business that have significantly different risk profiles as well as establishing new business operations or significantly revising existing business operations, require the approval of the Supervisory Board.

The Chairman of the Supervisory Board coordinates the work in the Supervisory Board, calls and chairs its meetings and externally represents the concerns of the body.

The articles of association provide that while resolutions shall typically be passed in meetings, however, upon the Chairman's instruction resolutions can be passed without a meeting by written notice, by telephone, facsimile, e-mail or by other conventional means of communication. The articles of association further provide that more than half of the members of the Supervisory Board must participate in voting on a resolution to constitute a quorum. If such a quorum is not met a new meeting shall be called with a notice period of two weeks, in which case three present board members constitute a quorum. Absent members may participate in a resolution by delivering a written vote to the Supervisory Board. Unless otherwise required by law or by the articles of association, resolutions of the Supervisory Board are passed by a simple majority of the votes cast.

The Supervisory Board has its own internal rules of procedure (see www.evotec.com; Investor Relations section) and complies with the Code's suggestion to hold occasional separate discussions.

The Supervisory Board was informed about one potential conflict of interest among any of its members in the course of 2016. When at its June 2016 meeting the Supervisory Board discussed and approved the investment of Evotec into Carrick Therapeutics as part of a large Series A funding consortium to become a 4.57% shareholder in Carrick Therapeutics, Elaine Sullivan, CEO of Carrick Therapeutics, considered herself as conflicted and left the meeting for the discussion and resolution.

On a regular basis the Supervisory Board examines the efficiency of its activities as recommended in the Corporate Governance Code. To date all such audits have led to the conclusion that the Supervisory Board is organised efficiently and that the Management Board and the Supervisory Board interact efficiently and effectively.

An overview of its work can be found in the Report of the Supervisory Board, which can be found in the Management Report in the Evotec Annual Report on the website of the Company under www.evotec.com in the Investor Relations section.

Information on the professional affiliations of board members and on related party transactions can be found in the Annual Report of the Company. In addition, details on the Supervisory Board are provided on Evotec’s website under www.evotec.com; section ‘About Us’.

Work in Supervisory Board Committees

A significant proportion of the Supervisory Board’s work is conducted in committees. From among its members, Evotec's Supervisory Board has established, pursuant to the German Stock Corporation Act and the recommendations of the Code, an Audit Committee as well as a Remuneration and Nomination Committee. Members of both committees are appointed in accordance with the Code.
For information about the composition of the Supervisory Board Committees please see the website of the Company under www.evotec.com in the Investor Relations section.

Evotec’s Audit Committee, comprising three members, supports the Supervisory Board in independently monitoring the Company’s financial reporting activities and in auditing reports. In particular, the Audit Committee scrutinises the Company’s accounting processes, the effectiveness of the internal control system and the audit. In addition, it discusses the quarterly and half-year reports with the Management Board. Within the scope of the audit of the financial statements commissioned by the Supervisory Board, the Audit Committee also discusses certain steps and procedures of the audit with the appointed auditing firm, including the auditors’ independence, the additional services rendered by the auditor, the issuing of the audit mandate to the auditing firm, the determination of auditing focal points, the fee agreement and compliance issues.

The members of the Audit Committee possess the required skills and experience. As a Chief Financial Officer, the Audit Committee’s Chairman Bernd Hirsch not only is independent, but also has the required specialist knowledge and experience in the application of accounting principles and internal control processes. Neither the Chairman of the Supervisory Board nor a former member of the Management Board may become Chairman of the Audit Committee. Evotec’s Audit Committee Charter can be found on the Company’s website (www.evotec.com) in the Investor Relations section.

The committee meets at least four times annually. The audit committee shall have a quorum if at least two of its members participate in the passing of a resolution. Resolutions require a simple majority of the votes cast. Evotec’s Audit Committee Charter can be found on the Company’s website (www.evotec.com) in the Investor Relations section.

The main duties and responsibilities of the Company’s Remuneration and Nomination Committee are to prepare the appointment of Management Board members and to prepare recommendations concerning their remuneration system and Share Performance Plan. Final decisions are made by the full Supervisory Board.

**Remuneration of Board members**

Evotec complies with the recommendations of the Corporate Governance Code to provide details of the remuneration of each individual member of the Management Board and the Supervisory Board. Detailed information on the remuneration of Management Board members, divided into fixed and variable compensation components as well as any fringe benefits, and remuneration of Supervisory Board members is reported in a separate section of the Management Report (“Remuneration Report”) in the Evotec Annual Report. The Evotec Annual Report is available on the website of the Company under www.evotec.com in the Investor Relations section. The remuneration of the Board Members is also publicised on Evotec’s website under www.evotec.com in the Investor Relations section.

Evotec procured directors and officer’s liability insurance cover for its Management and Supervisory Board members, its senior management and the directors of its subsidiaries at a cost to the Company. For the members of Supervisory Board, an appropriately sized deductible, and for the members of the Management Board, a deductible in line with the stipulations of the legal provisions of the VorstAG, were agreed upon.

**Shareholders and Annual General Meeting (AGM)**

Evotec AG shareholders exercise their co-determination and monitoring rights at the AGM, convened at least once a year. The AGM takes decisions on all statutory matters that are binding on all shareholders and the Company. For voting on resolutions, each share confers one vote.
All shareholders registering in due time are entitled to participate in the AGM. Evotec offers shareholders who are unable to attend the AGM the opportunity to access key parts of the event live on the internet. The Company also encourages non-attendees to exercise their voting rights by arranging independent proxies who are bound to the shareholders’ instructions. Shareholders may also authorise a person of their choice to represent them at the meeting. The possibility of a postal vote was not available at the AGM 2016. The Management Board is however entitled to allow postal voting at future Annual General Meetings.

The invitation to the AGM and the reports and information required for voting are published in accordance with the provisions of the German Stock Corporation Act and provided in German and English on Evotec’s website under www.evotec.com in the Investor Relations section.

**Directors’ Dealings**

Under the Securities Trading Act (‘Wertpapierhandelsgesetz’), the members of the Supervisory Board and the Management Team of Evotec as well as persons who have a close relationship with these persons are obligated to report trading in Evotec stock so far as the transactions exceed in aggregate € 5,000 (the de minimus threshold) per calendar year. In addition, Evotec has established an Insider Trading Policy (see www.evotec.com; Investor Relations section) that sets standards for board members’ and employees’ trading in Evotec shares and thus ensures transparency.

During 2016, the following two Directors’ Dealings were reported:

<table>
<thead>
<tr>
<th>Date</th>
<th>Name</th>
<th>Position</th>
<th>Type</th>

Declaration of Corporate Management 2016
Declaration of Corporate Management (§ 289a HGB)

The actions of Evotec AG's management and oversight bodies are determined by the principles of good and responsible Corporate Governance. In this declaration, the Management Board – also acting on behalf of the Supervisory Board – provides its report on corporate management in the Group pursuant to section 289a (1) of the German Commercial Code (HGB) and pursuant to sub-section 3.10 of the German Corporate Governance Code. Our aim is to present our corporate management principles as clearly and concisely as possible.

Declaration of compliance and reporting on Corporate Governance

Declaration of compliance

With the following exceptions, Evotec complies with all recommendations of the Code and the majority of the Code’s suggestions. In December 2015, Evotec’s Management Board and Supervisory Board declared in accordance with Section 161 of the German Stock Corporation Act (AktG):

“Evotec AG has complied in 2015 with the recommendations of the Governmental Commission on the German Corporate Governance Code (the “Code”) as published in the official section of the Federal Gazette and intends to comply in the future with the recommendations of the Code, with the following exceptions:

- To incentivise executives via variable long-term incentive compensation, the 2012 and 2015 Annual General Meetings approved the so-called Share Performance Plans. These comply with the recommendations set forth in Section 4.2.3 of the Code. In particular, they refer to specific key performance indicators and define a “Maximum Target”. From 2012 onwards, the Share Performance Plans replace Evotec’s stock option programme. Stock options issued in existing stock option programmes remain valid. While the exercise of options under these programmes requires an increase of the share price, the exercise is not related to other relevant comparison parameters as recommended in Section 4.2.3 of the Code. This decision is based on the lack of relevant comparison benchmarks in the field of German Biotech at the time when the stock option programmes were created.

- The Company’s D&O insurance and the deductible for members of the Management Board contained therein are in line with Section 3.8 of the Code and with the regulations of the Act on the Appropriateness of Management Board Compensation (VorstAG) that was enacted in 2009. However, for members of the Supervisory Board, the D&O insurance contains a reasonable deductible as foreseen by the version of the Code in force before its version published on 05 August 2009. The Company has decided to maintain this reasonable deductible. This decision was made in view of the Company's interest to attract international expertise for its Supervisory Board and the fact that a deductible for non-executive directors is not very common in international practice. Whilst a lot of the German companies quoted on the TecDAX do not have a respective deductible at all, the Company believes that a reasonable deductible is a good compromise.”
The current Declaration of Compliance with the German Corporate Governance Code and the declarations of the past five years can be found on Evotec’s website (www.evotec.com) in the Investor Relations section.

**Relevant management practices and compliance**

**Relevant management practices**

Evotec takes its Corporate Governance responsibilities very seriously. As a consequence of its shares’ listing at the Frankfurt Stock Exchange and its international shareholder base, the Company recognises not only German but also international Corporate Governance standards, insofar as German law does not explicitly stipulate otherwise. Evotec’s Management and Supervisory Boards are convinced that complying with rigorous Corporate Governance standards is of great benefit to the Company. It includes integrity in the dealings with employees, business associates, shareholders and the public, expressed in Evotec’s own exemplary conduct. As a service provider, Evotec has to win and retain the trust of its customers and business associates through impeccable behaviour. The Group’s aim is to be credible, solid and reliable and act accordingly. Thus Evotec regularly reviews and enhances its Corporate Governance practices.

Within the frame of strategical determination by the Management Board, specific goals are established and communicated. To accomplish our targets, we rely on the enterprise and initiative of our managers and employees. We achieve consensus on clearly defined objectives, and we regularly monitor how well we are meeting them. These agreements on aims are a fundamental component of our leadership philosophy and a crucial element of our remuneration system.

**Code of conduct**

Evotec’s corporate culture is committed to the highest standards of openness, integrity and accountability. A key element of integrity is compliance, which means adherence to both, the applicable laws and Company’s internal policies. Evotec’s commitment to a compliance-oriented culture is reflected in Company’s Code of Conduct, which stipulates fundamental ethical principles, such as integrity and professionalism, that apply to board members and other employees alike.

The Code of Conduct sets standards for

- Accounting and the permissible use of the Company’s funds and assets;
- Compliance with insider trading laws and prevention of conflicts of interest;
- Compliance with antitrust legislation;
- Compliance with anti-corruption laws and associated internal guidelines;
- A work environment free of any form of discrimination and harassment;
- Non-disclosure and protection of intellectual property and business secrets; and
- The duty to report upon the suspicion of an infringement of the Code of Conduct (whistle-blowing).

Evotec does not tolerate any violation of applicable laws or internal policies.

The Code of Conduct is published on the Evotec website (www.evotec.com) in the Investor Relations section.
Compliance organisation

Compliance Programme of Evotec AG is overseen by the Group’s Compliance Officer, functioning as an independent and objective body that reviews and evaluates compliance issues/concerns within the organisation.

The Compliance Office helps to communicate the values underlying the Code of Conduct and anchor them firmly in the Group. It ensures Group-wide implementation of the Compliance Programme.

In 2015, Evotec’s Compliance Programme was further expanded with a focus on education and training. Evotec implemented a group-wide (except France) electronic Compliance Training tailored to the specific compliance issues and associated risks at the Company. The aim is to maintain permanent compliance awareness within all areas of Evotec’s business to ensure that any decision is in-line with Evotec’s compliance best practices and to mitigate compliance risks. Said training is mandatory for all board members and other employees. Company’s Compliance Officer monitors the participation in the training at regular intervals.

Another important aspect of accountability and transparency is a mechanism to enable all Evotec employees to voice concerns in a responsible and effective manner. Suspected compliance violations can be reported to an employee’s responsible line manager, the Company’s Compliance Officer or may also be reported to a worldwide compliance (whistle-blower) hotline which is available 24 hours a day, 7 days a week. The latter can also be done anonymously. In 2015, no reports via the central compliance hotline were registered.

Evotec also complies with the financial market rules. The Company maintains an ad hoc Committee, which consists of the Chief Financial Officer, the General Counsel and the assistant to the Board. This committee examines the ad hoc relevance of insider information and ensures that Evotec complies with the law.

Risk management

An important element of sound Corporate Governance is to deal responsibly with risks. Evotec has established an effective risk and opportunities management system that enables the Management Board to detect and react to relevant risks and market developments in good time. Details on the Company’s risk management system and the risk report policies can be found in a separate section of the Management Report in the Evotec Annual Report (www.evotec.com, Investor Relations section). It also contains the report on the accounting-related internal control and risk management system required in accordance with the German Accounting Modernisation Act (BilMoG).

These systems are continually developed, adjusted to match changes in overall conditions and reviewed by the auditors. The Management Board regularly informs the Supervisory Board about existing risks and the development of these risks.

Transparency

Evotec AG informs its shareholders, financial analysts, the media and the public on a regular basis about its progress. In doing so, the Company complies with all requirements of the Code regarding transparency, timeliness, openness and shareholder equality. Evotec is committed to fair disclosure of information and its communication is governed by a Company Disclosure Policy. It is a prime concern of the Company that all relevant target groups receive the same information at the same time, and this implies communicating in both English and German. The Company’s publications are available on its website www.evotec.com in the Investor Relations section.
This section of Evotec’s website maintains information such as news releases, the financial calendar containing the publication dates of the financial statements, investor relations conferences, annual and quarterly reports, other regulatory news and regularly updated corporate governance information. This section of the website also includes the Articles of Association, the Rules of Procedure of the Supervisory Board, the Audit Committee Charter, the Code of Conduct, the Insider Trading Policy and all declarations of compliance.

Moreover, the Company website at www.evotec.com provides comprehensive information on the Evotec Group and the Evotec share.

**Accounting and auditing**

On a regular basis, Evotec provides financial and business information to its shareholders and other interested parties by publishing its annual consolidated financial statements and quarterly reports. As an incorporated company whose registered head office is located within the European Union, Evotec AG must prepare and publish consolidated financial statements in accordance with the International Financial Reporting Standards (IFRS) whilst observing Section 315a HGB (German Commercial Code). The financial statements of the Evotec Group and the financial statements of Evotec AG are audited by the audit firm and the Supervisory Board. The audit firm is appointed by the shareholders at the Annual General Meeting and commissioned by the Supervisory Board. It participates at the Supervisory Board’s deliberations on the financial statements and reports the most significant results of its audit. The Audit Committee uses this information as a guideline for its own evaluation of the statements and reports.

The disclosed financial statements and the management reports for Evotec AG, as well as the consolidated financial statements together with the consolidated management report of the Evotec Group, are audited by Ernst & Young GmbH Wirtschaftsprüfungsgesellschaft, Hamburg. These audits also covered risk management and compliance with reporting requirements concerning corporate governance pursuant to section 161 of the German Stock Corporation Act. Following its consultations, the Supervisory Board also approves the financial statements and the consolidated financial statements.

**Working methods of the Management Board and Supervisory Board**

**Composition and working methods of the Management Board and Supervisory Board**

According to the German Stock Corporation Act (AktG), a two-tier system with clear separation of “management” through the Management Board (“Vorstand”), and “control” through the Supervisory Board (“Aufsichtsrat”), is mandatory for German stock corporations. The Management Board is responsible for managing Evotec and representing the Company in its dealings with third parties, while the Supervisory Board appoints and dismisses the members of the Evotec Management Board and oversees the management of the Company. German law prohibits the Supervisory Board from making management decisions. The two boards, however, work closely together to achieve long-term and sustainable growth for the Company and to create shareholder value. They agree on the Company’s strategy and on business transactions that are significant. The Annual General Meeting (“Hauptversammlung”) is the company body representing the interests of the shareholders.
Management Board ("Vorstand")

The Management Board of Evotec AG is responsible for the day-to-day operations of the Company and is supported by the Management Team. In its business operations and decisions, the Management Board acts on behalf of the Company and works towards its progress with the objective of sustainable creation of value, thus taking into account the interests of the shareholders, the employees and other stakeholders. The Management Board is appointed by the Supervisory Board.

The Management Board is responsible for corporate policy, the company’s strategic orientation, financial, investment and personnel planning, resource allocation and the management of the divisions. The Management Board is responsible for preparing the quarterly consolidated financial statements and the annual consolidated financial statements, as well as the annual financial statements of Evotec AG. It is also responsible for the establishment of an effective risk management system, cares for compliance with legal requirements and internal guidelines.

Under Evotec’s Articles of Association, the Supervisory Board determines the size of the Management Board, which must have at least one member under the German Stock Corporation Act. Currently, the Management Board of Evotec AG consists of four members. In accordance with a suggestion of the Code, new members are appointed for up to three years; however, prolongations of existing contracts might be up to five years as currently agreed with the Chief Executive Officer. Management Board members may be reappointed and may be dismissed with good cause prior to the termination of their terms of office. Members of Evotec’s Management Board have not accepted more than a total of three Supervisory Board mandates in non-Group listed companies or in supervisory bodies of companies with similar requirements. The Articles of Association can be found on Evotec’s website under [www.evotec.com](http://www.evotec.com) in the Investor Relations section.

The activities of the Management Board are regulated by its internal Rules of Procedure, which set out the matters reserved for the full Management Board, the responsibilities of the areas of responsibility and the majorities necessary for passing resolutions.

Meetings of the Management Board shall be called by the Chairman of the Board. Each member of the Management Board may request that an extraordinary meeting of the Management Board be called outside its regular meetings. The board meetings are chaired by the Chairman of the Management Board, who also coordinates the areas of responsibility. Persons who are not board members can, if so resolved by the Management Board, be admitted to board meetings in a consultative capacity.

Brief minutes have to be made of material discussions and resolutions. Resolutions of the Management Board will be carried regularly at its meetings. Resolutions may also be carried without a meeting, however, in writing, by telex or by telephone. The Management Board shall be quorate if a majority of its Members vote on a resolution. Resolutions of the Management Board shall be passed by a simple majority. Should there be a tie, the CEO shall decide.

The Management Board also provides continuous updates to the Supervisory Board through regular verbal and written reports that includes in depth analysis of the status of operations. The information provided includes written monthly management reports with extensive coverage of the Company’s financial figures for the previous month, accompanied by detailed comments and explanatory text. In addition, the Management Board must submit a budget for the following fiscal year and a plan for the medium term to the Supervisory Board. The Management Board is also required to report to the Supervisory Board in a timely fashion on any transactions that may be significant with respect to the profitability or liquidity of the Company in order to give the Supervisory
Board an opportunity to express its opinion on such transactions prior to their implementation.

The Chairman of the Supervisory Board and the Chief Executive Officer as well as other members of the Management Board discuss current and ongoing topics via numerous conference calls, carried out whenever appropriate.

Details on the Management Board and the Management Team are provided on Evotec’s website under www.evotec.com; section ‘About Us’.

**Supervisory Board (“Aufsichtsrat“)**

Following the Articles of Association, the Evotec Supervisory Board consists of six members – all of whom are appointed on the basis of their qualification, work experience, independence and considering their diversity. No former member of the Management Board is a member of the Supervisory Board.

To ensure compliance with these recommendations, the Supervisory Board has specified concrete objectives regarding its composition, which are ensured when making proposals to the AGM for election or re-election of new Supervisory Board members. These objectives stipulate that the activities of the Company shall be represented by having a majority of independent Supervisory Board members with national and international experience in the respective fields of (i) Research and Development, (ii) Finance, Capital markets, Legal, Corporate Governance, (iii) Marketing and Sales and Operations and (iv) Healthcare Economy/Public Health. Potential conflict-of-interest situation(s) shall be avoided by deploying the highest scrutiny when assessing potential candidates. In addition, the Supervisory Board shall ensure that the individual age of a candidate shall not exceed 72 years at the time of the proposal. Diversity with regard to female representation shall be ensured by having a target quota of 30% female members of the Supervisory Board. Finally, the Supervisory Board has agreed on two full terms as the regular limit of length of membership to the Supervisory Board. Overall, the Supervisory Board shall be composed in such a way that the majority of its members are independent and that its members as a group possess the knowledge, ability and expert experience required to properly complete its tasks.

Currently, the composition of Evotec’s Supervisory Board fulfils all those objectives: all members are independent, four nationalities are represented and there are two female members.

The Members of the Supervisory Board are elected by the shareholders by a simple majority of the votes cast at an Annual General Meeting. The Supervisory Board appoints a Chairman and one Vice Chairmen from among its members. The members of the Supervisory Board are elected for five years and may be re-elected. The term of the current members of the Evotec Supervisory Board will expire at the end of the Annual General Meeting held in the year 2019.

The Supervisory Board advises and oversees the Management Board in the management of the Company. Based upon regular consultations with the Management Board, the Supervisory Board is involved in strategic and planning decisions and all decisions of fundamental importance to the Company.

In accordance with the internal rules of procedure, decisions taken by the Management Board on major transactions such as the strategic and operational direction of the Company, the annual budget, major acquisitions, investment or licence agreements, business contracts outside the Company’s ordinary course of business that have significantly different risk profiles as well as establishing new business operations or significantly revising existing business operations, require the approval of the Supervisory Board.
The Chairman of the Supervisory Board coordinates the work in the Supervisory Board, calls and chairs its meetings and externally represents the concerns of the body.

The articles of association provide that while resolutions shall typically be passed in meetings, however, upon the Chairman’s instruction resolutions can be passed without a meeting by written notice, by telephone, facsimile, e-mail or by other conventional means of communication. The articles of association further provide that more than half of the members of the Supervisory Board must participate in voting on a resolution to constitute a quorum. If such a quorum is not met a new meeting shall be called with a notice period of two weeks, in which case three present board members constitute a quorum. Absent members may participate in a resolution by delivering a written vote to the Supervisory Board. Unless otherwise required by law or by the articles of association, resolutions of the Supervisory Board are passed by a simple majority of the votes cast.

The Supervisory Board has its own internal rules of procedure (see www.evotec.com; Investor Relations section) and complies with the Code’s suggestion to hold occasional separate discussions.

The Supervisory Board was not aware of any potential conflicts of interest among any of its members in the course of 2015.

On a regular basis the Supervisory Board examines the efficiency of its activities as recommended in the Corporate Governance Code. To date all such audits have led to the conclusion that the Supervisory Board is organised efficiently and that the Management Board and the Supervisory Board interact efficiently and effectively.

An overview of its work can be found in the Report of the Supervisory Board, which can be found in the Management Report in the Evotec Annual Report on the website of the Company under [www.evotec.com](http://www.evotec.com) in the Investor Relations section.

Information on the professional affiliations of board members and on related party transactions can be found in the Annual Report of the Company. In addition, are details on the Management Board and the Management Team be provided on Evotec’s website under [www.evotec.com](http://www.evotec.com); section ‘About Us’.

**Work in Supervisory Board Committees**

A significant proportion of the Supervisory Board’s work is conducted in committees. From among its members, Evotec’s Supervisory Board has established, pursuant to the German Stock Corporation Act and the recommendations of the Code, an Audit Committee as well as a Remuneration and Nomination Committee. Members of both committees are appointed in accordance with the Code.

For information about the composition of the Supervisory Board Committees please see the website of the Company under [www.evotec.com](http://www.evotec.com) in the Investor Relations section.

Evotec’s Audit Committee, comprising three members, supports the Supervisory Board in independently monitoring the Company’s financial reporting activities and in auditing reports. In particular, the Audit Committee scrutinises the Company’s accounting processes, the effectiveness of the internal control system and the audit. In addition, it discusses the quarterly and half-year reports with the Management Board. Within the scope of the audit of the financial statements commissioned by the Supervisory Board, the Audit Committee also discusses certain steps and procedures of the audit with the appointed auditing firm, including the auditors’ independence, the additional services rendered by the auditor, the issuing of the audit mandate to the auditing firm, the determination of auditing focal points, the fee agreement and compliance issues.
The members of the Audit Committee possess the required skills and experience. As a current Chief Financial Officer, the Audit Committee’s Chairman Bernd Hirsch not only is independent, but also has the required specialist knowledge and experience in the application of accounting principles and internal control processes. Neither the Chairman of the Supervisory Board nor a former member of the Management Board may become Chairman of the Audit Committee. Evotec’s Audit Committee Charter can be found on the Company’s website (www.evotec.com) in the Investor Relations section.

The committee meets at least four times annually. The audit committee shall have a quorum if at least two of its members participate in the passing of a resolution. Resolutions require a simple majority of the votes cast. Evotec’s Audit Committee Charter can be found on the Company’s website (www.evotec.com) in the Investor Relations section.

The main duties and responsibilities of the Company’s Remuneration and Nomination Committee are to prepare the appointment of Management Board members and to prepare recommendations concerning their remuneration system and Share Performance Plan. Final decisions are made by the full Supervisory Board.

**Remuneration of Board members**

Evotec complies with the recommendations of the Corporate Governance Code to provide details of the remuneration of each individual member of the Management Board and the Supervisory Board. Detailed information on the remuneration of Management Board members, divided into fixed and variable compensation components as well as any fringe benefits, and remuneration of Supervisory Board members is reported in a separate section of the Management Report (“Remuneration Report”) in the Evotec Annual Report. The Evotec Annual Report is available on the website of the Company under www.evotec.com in the Investor Relations section. The remuneration of the Board Members is also publicised on Evotec’s website under www.evotec.com in the Investor Relations section.

Evotec has procured directors and officer’s liability insurance coverage for its Management and Supervisory Board members, its senior management and the directors of its subsidiaries, at a cost to the Company. For the members of Supervisory Board, an appropriately sized deductible, and for the members of the Management Board, a deductible in line with the stipulations of the legal provisions of the VorstAG, were agreed upon.

**Shareholders and Annual General Meeting (AGM)**

Evotec AG shareholders exercise their co-determination and monitoring rights at the AGM, convened at least once a year. The AGM takes decisions on all statutory matters that are binding on all shareholders and the Company. For voting on resolutions, each share confers one vote.

All shareholders registering in due time are entitled to participate in the AGM. Evotec offers shareholders who are unable to attend the AGM the opportunity to access key parts of the event live on the internet. The Company also encourages non-attendees to exercise their voting rights by arranging independent proxies who are bound to the shareholders’ instructions. Shareholders may also authorise a person of their choice to represent them at the meeting. The possibility of a postal vote was not available at the Annual General Meeting 2015. The Management Board is however entitled to allow postal voting at future Annual General Meetings.

The invitation to the AGM and the reports and information required for voting are published in accordance with the provisions of the German Stock Corporation Act and
provided in German and English on Evotec’s website under www.evotec.com in the Investor Relations section.

**Directors’ Dealings**

Under the Securities Trading Act (‘Wertpapierhandelsgesetz’), the members of the Supervisory Board and the Management Team of Evotec as well as persons who have a close relationship with these persons are obligated to report trading in Evotec stock so far as the transactions exceed in aggregate € 5,000 (the de minimus threshold) per calendar year. In addition, Evotec has established an Insider Trading Policy (see www.evotec.com; Investor Relations section) that sets standards for board members’ and employees’ trading in Evotec shares and thus ensures transparency.

During 2015, no Directors’ Dealing was reported.

**Directors’ Shareholdings**

As of 31 December 2015 the members of the Management Board and the Supervisory Board owned the following shares in the Company:

Declaration of Corporate Management 2015
Declaration of Corporate Management (§ 289a HGB)

The actions of Evotec AG’s management and oversight bodies are determined by the principles of good and responsible Corporate Governance. In this declaration, the Management Board – also acting on behalf of the Supervisory Board – provides its report on corporate management in the Group pursuant to section 289a (1) of the German Commercial Code (HGB) and pursuant to sub-section 3.10 of the German Corporate Governance Code. Our aim is to present our corporate management principles as clearly and concisely as possible.

Declaration of compliance and reporting on Corporate Governance

Declaration of compliance

With the following exceptions, Evotec complies with all recommendations of the Code and the majority of the Code’s suggestions. In December 2014, Evotec’s Management Board and Supervisory Board declared in accordance with Section 161 of the German Stock Corporation Act (AktG):

"Evotec AG has complied in 2014 with the recommendations of the Governmental Commission on the German Corporate Governance Code (the “Code”) as published in the official section of the Federal Gazette and intends to comply in the future with the recommendations of the Code, with the following exceptions:

- To incentivise executives via variable long-term incentive compensation, the 2012 Annual General Meeting in June approved the so-called Share Performance Plan. This complies with the recommendations set forth in Section 4.2.3 of the Code. In particular, it refers to specific key performance indicators and defines a “Maximum Target”. From 2012 onwards, the Share Performance Plan replaced Evotec’s stock option programme. Stock options issued in existing stock option programmes remain valid. While the exercise of options under these programmes requires an increase of the share price, the exercise is not related to other relevant comparison parameters as recommended in Section 4.2.3 of the Code. This decision is based on the lack of relevant comparison benchmarks in the field of German Biotech at the time when the stock option programmes were created.

- The Company’s D&O insurance and the deductible for members of the Management Board contained therein are in line with Section 3.8 of the Code and with the regulations of the Act on the Appropriateness of Management Board Compensation (VorstAG) that was enacted in 2009. However, for members of the Supervisory Board, the D&O insurance contains a “reasonable” deductible as foreseen by the version of the Code in force before its version published on 05 August 2009. The Company has decided to maintain this reasonable deductible. This decision was made in view of the Company’s interest to attract international expertise for its Supervisory Board and the fact that a deductible for non-executive directors is not very common in international practice. Whilst a lot of the German companies quoted on the TecDAX do not have a respective deductible at all, the Company believes that a reasonable deductible is a good compromise.
- The Supervisory Board has specified concrete objectives regarding its composition, which are ensured when making proposals to the Annual General Meeting (AGM) for election or re-election of new Supervisory Board members. These objectives and Supervisory Board’s rules of Procedure include inter alia that the individual age of a candidate shall not exceed 72 years at the time of the proposal. All members of the Supervisory Board were up for election at the AGM 2014. To ensure the required expertise and some element of continuity in the Supervisory Board after the AGM 2014, it was proposed to the AGM as an exemption that due to his professional expertise Dr Walter Wenninger should serve again as Supervisory Board member although Dr Walter Wenninger was already 76 years at the AGM 2014. The Rules of Procedure of the Supervisory Board allow an exemption from the general age limit of 72 years at election. The AGM has elected Dr Wenninger as Supervisory Board member.”

The current Declaration of Compliance with the German Corporate Governance Code and the declarations of the past five years can be found on Evotec’s website (www.evotec.com) in the section ‘Investors > Corporate Governance’.

Relevant management practices and compliance

Relevant management practices

Evotec takes its Corporate Governance responsibilities very seriously. As a consequence of its shares’ listing at the Frankfurt Stock Exchange and its international shareholder base, the Company recognises not only German but also international Corporate Governance standards, insofar as German law does not explicitly stipulate otherwise. Evotec’s Management and Supervisory Boards are convinced that complying with rigorous Corporate Governance standards is of great benefit to the Company. It includes integrity in the dealings with employees, business associates, shareholders and the public, expressed in Evotec’s own exemplary conduct. As a service provider, Evotec has to win and retain the trust of its customers and business associates through impeccable behaviour. The Group’s aim is to be credible, solid and reliable and act accordingly. Thus Evotec regularly reviews and enhances its Corporate Governance practices.

Within the frame of strategical determination by the Management Board, specific goals are established and communicated. To accomplish our targets, we rely on the enterprise and initiative of our managers and employees. We achieve consensus on clearly defined objectives, and we regularly monitor how well we are meeting them. These agreements on aims are a fundamental component of our leadership philosophy and a crucial element of our remuneration system.

Code of conduct

As a matter of course, Evotec abides by the law and by ethical principles. This is shown, amongst others, by the Company’s Code of Conduct which stipulates fundamental ethical principles, such as integrity and professionalism that apply to board members and other employees alike.

The Code of Conduct sets standards for

- accounting and the permissible use of the Company’s funds and assets;
- conduct in cases of insider trading or conflict of interest;
- compliance with antitrust legislation;
- a work environment free of discrimination and harassment;
- non-disclosure and protection of intellectual property and business secrets and
- the duty to report upon the suspicion of an infringement of the Code of Conduct (whistle-blowing).

In the interest of all employees and the Group, non-compliance with standards will be investigated and the causes will be remedied. This means that misconduct will be consistently prosecuted in accordance with national laws.

**Compliance organisation**

Compliance Programme of Evotec AG is overseen by the Group’s Compliance Officer, functioning as an independent and objective body that reviews and evaluates compliance issues/concerns within the organisation.

The Compliance Office helps to communicate the values underlying the Code of Conduct and anchor them firmly in the Group. It ensures Group-wide implementation of the Compliance Programme.

Moreover, a worldwide whistleblower system is implemented. It enables all Group employees to report compliance violations in an anonymous manner. Information received is immediately analysed by the Compliance Officer and the Chairman of the Supervisory Board’s Audit Committee, who will also initiate any measures required.

Evotec also maintains an ad hoc Committee, which examines the ad hoc relevance of insider information and ensures that Evotec complies with the law.

**Risk management**

An important element of sound Corporate Governance is to deal responsibly with risks. Evotec has established an effective risk and opportunities management system that enables the Management Board to detect and react to relevant risks and market developments in good time. Details on the Company’s risk management system and the risk report policies can be found in a separate section of the Management Report in the Evotec Annual Report (www.evotec.com ‘Investors > Finance > Financial Reports 2013 – 2015’). It also contains the report on the accounting-related internal control and risk management system required in accordance with the German Accounting Modernisation Act (BilMoG).

These systems are continually developed, adjusted to match changes in overall conditions and reviewed by the auditors. The Management Board regularly informs the Supervisory Board about existing risks and the development of these risks.

**Transparency**

Evotec AG informs its shareholders, financial analysts, the media and the public on a regular basis about its progress. In doing so, the Company complies with all requirements of the Code regarding transparency, timeliness, openness and shareholder equality. Evotec is committed to fair disclosure of information and its communication is governed by a Company Disclosure Policy. It is a prime concern of the Company that all relevant target groups receive the same information at the same time, and this implies
communicating in both English and German. The Company’s publications are available on its website www.evotec.com, section ‘Investors’.

Moreover, the ‘Investors’ section of Evotec’s website (subsections ‘Events’ and ‘Finance’) maintains information such as the financial calendar containing the publication dates of the financial statements, the Annual General Meeting, Investor Relations conferences, annual and quarterly reports, other regulatory news and regularly updated Corporate Governance information. This section of the website also includes the Articles of Association, the Rules of Procedure of the Supervisory Board, the Audit Committee Charter, the Code of Conduct, the Insider Trading Policy and all declarations of compliance.

Moreover, the Company website at www.evotec.com provides comprehensive information on the Evotec Group and the Evotec share.

**Accounting and auditing**

On a regular basis, Evotec provides financial and business information to its shareholders and other interested parties by publishing its annual consolidated financial statements and quarterly reports. As an incorporated company whose registered head office is located within the European Union, Evotec AG must prepare and publish consolidated financial statements in accordance with the International Financial Reporting Standards (IFRS) whilst observing Section 315a HGB (German Commercial Code). The financial statements of the Evotec Group and the financial statements of Evotec AG are audited by the audit firm and the Supervisory Board. The audit firm is appointed by the shareholders at the Annual General Meeting and commissioned by the Supervisory Board. It participates at the Supervisory Board’s deliberations on the financial statements and reports the most significant results of its audit. The Audit Committee uses this information as a guideline for its own evaluation of the statements and reports.

The disclosed financial statements and the management reports for Evotec AG, as well as the consolidated financial statements together with the consolidated management report of the Evotec Group, are audited by Ernst & Young GmbH Wirtschaftsprüfungsgesellschaft, Hamburg. These audits also covered risk management and compliance with reporting requirements concerning corporate governance pursuant to section 161 of the German Stock Corporation Act. Following its consultations, the Supervisory Board also approves the financial statements and the consolidated financial statements.

**Working methods of the Management Board and Supervisory Board**

**Composition and working methods of the Management Board and Supervisory Board**

According to the German Stock Corporation Act (AktG), a two-tier system with clear separation of “management” through the Management Board (“Vorstand”), and “control” through the Supervisory Board (“Aufsichtsrat”), is mandatory for German stock corporations. The Management Board is responsible for managing Evotec and representing the Company in its dealings with third parties, while the Supervisory Board appoints and dismisses the members of the Evotec Management Board and oversees the management of the Company. German law prohibits the Supervisory Board from making management decisions. The two boards, however, work closely together to achieve long-term and sustainable growth for the Company and to create shareholder value. They agree on the Company’s strategy and on business transactions that are significant. The Annual General Meeting (“Hauptversammlung”) is the company body representing the interests of the shareholders.
Management Board (“Vorstand”)

The Management Board of Evotec AG is responsible for the day-to-day operations of the Company and is supported by the Management Team. In its business operations and decisions, the Management Board acts on behalf of the Company and works towards its progress with the objective of sustainable creation of value, thus taking into account the interests of the shareholders, the employees and other stakeholders. The Management Board is appointed by the Supervisory Board.

The Management Board is responsible for corporate policy, the company’s strategic orientation, financial, investment and personnel planning, resource allocation and the management of the divisions. The Management Board is responsible for preparing the quarterly consolidated financial statements and the annual consolidated financial statements, as well as the annual financial statements of Evotec AG. It is also responsible for the establishment of an effective risk management system, cares for compliance with legal requirements and internal guidelines.

Under Evotec’s Articles of Association, the Supervisory Board determines the size of the Management Board, which must have at least one member under the German Stock Corporation Act. Currently, the Management Board of Evotec AG consists of four members. The statutory maximum term for members of the Management Board is five years, but Evotec’s current practice is to limit the terms to three years. As an exemption, in 2011, Dr Werner Lanthaler, CEO, and the Company agreed upon a new contract starting March 2012 for a further five-year term. Management Board members may be reappointed and may be dismissed with good cause prior to the termination of their terms of office. Members of Evotec’s Management Board have not accepted more than a total of three Supervisory Board mandates in non-Group listed companies. The Articles of Association can be found on Evotec’s website under www.evotec.com; section ‘Investors > Corporate Governance > Policies and Charters’.

The activities of the Management Board are regulated by its internal Rules of Procedure, which set out the matters reserved for the full Management Board, the responsibilities of the areas of responsibility and the majorities necessary for passing resolutions.

Meetings of the Management Board shall be called by the Chairman of the Board. Each member of the Management Board may request that an extraordinary meeting of the Management Board be called outside its regular meetings. The board meetings are chaired by the Chairman of the Management Board, who also coordinates the areas of responsibility. Persons who are not board members can, if so resolved by the Management Board, be admitted to board meetings in a consultative capacity.

Brief minutes have to be made of material discussions and resolutions. Resolutions of the Management Board will be carried regularly at its meetings. Resolutions may also be carried without a meeting, however, in writing, by telex or by telephone. The Management Board shall be quorate if a majority of its Members vote on a resolution. Resolutions of the Management Board shall be passed by a simple majority. Should there be a tie, the CEO shall decide.

The Management Board also provides continuous updates to the Supervisory Board through regular verbal and written reports that includes in depth analysis of the status of operations. The information provided includes written monthly management reports with extensive coverage of the Company’s financial figures for the previous month, accompanied by detailed comments and explanatory text. In addition, the Management Board must submit a budget for the following fiscal year and a plan for the medium term to the Supervisory Board. The Management Board is also required to report to the Supervisory Board in a timely fashion on any transactions that may be significant with respect to the profitability or liquidity of the Company in order to give the Supervisory
Board an opportunity to express its opinion on such transactions prior to their implementation.

The Chairman of the Supervisory Board and the Chief Executive Officer as well as other members of the Management Board discuss current and ongoing topics via numerous conference calls, carried out whenever appropriate.

Details on the Management Board and the Management Team are provided on Evotec’s website under www.evotec.com; section ‘About Us > Management’.

*Supervisory Board (“Aufsichtsrat”)*

Following the Articles of Association, the Evotec Supervisory Board consists of six members – all of whom are appointed on the basis of their qualification, work experience, independence and considering their diversity. No former member of the Management Board is a member of the Supervisory Board.

To ensure compliance with these recommendations, the Supervisory Board has specified concrete objectives regarding its composition, which are ensured when making proposals to the AGM for election or re-election of new Supervisory Board members. These objectives stipulate that the activities of the Company shall be represented by having a majority of independent Supervisory Board members with national and international experience in the respective fields of (i) Research and Development, (ii) Finance, Capital markets, Legal, Corporate Governance, (iii) Marketing and Sales and Operations and (iv) Healthcare Economy/Public Health. Potential conflict-of-interest situation(s) shall be avoided by deploying the highest scrutiny when assessing potential candidates. In addition, the Supervisory Board shall ensure that the individual age of a candidate shall not exceed 72 years at the time of the proposal. Diversity with regard to female representation shall be ensured by having a minimum of one female member of the Supervisory Board. Overall, the Supervisory Board shall be composed in such a way that the majority of its members are independent and that its members as a group possess the knowledge, ability and expert experience required to properly complete its tasks.

Currently, the composition of Evotec’s Supervisory Board fulfils all those objectives with one exception: all members are independent, three nationalities are represented and there is one female member. However, to ensure the required expertise and some element of continuity in the Supervisory Board after the AGM 2014, it was proposed to the AGM as an exemption to the age related objective that due to his professional expertise Dr Walter Wenninger should serve again as Supervisory Board member although he was already 76 years at the AGM 2014. The Rules of Procedure of the Supervisory Board allow an exemption from the general age limit of 72 years at election.

The Members of the Supervisory Board are elected by the shareholders by a simple majority of the votes cast at an Annual General Meeting. The Supervisory Board appoints a chairman and one or more vice-chairmen from among its members. The members of the Supervisory Board are elected for five years and may be re-elected. The term of the current members of the Evotec Supervisory Board will expire at the end of the Annual General Meeting held in the year 2019.

The Supervisory Board advises and oversees the Management Board in the management of the Company. Based upon regular consultations with the Management Board, the Supervisory Board is involved in strategic and planning decisions and all decisions of fundamental importance to the Company.

In accordance with the internal rules of procedure, decisions taken by the Management Board on major transactions such as the strategic and operational direction of the Company, the annual budget, major acquisitions, investment or licence agreements, business contracts outside the Company’s ordinary course of business that have
significantly different risk profiles as well as establishing new business operations or significantly revising existing business operations, require the approval of the Supervisory Board.

The chairman of the Supervisory Board coordinates the work in the Supervisory Board, calls and chairs its meetings and externally represents the concerns of the body.

The articles of association provide that while resolutions shall typically be passed in meetings, however, upon the chairman’s instruction resolutions can be passed without a meeting by written notice, by telephone, facsimile, e-mail or by other conventional means of communication. The articles of association further provide that more than half of the members of the Supervisory Board must participate in voting on a resolution to constitute a quorum. If such a quorum is not met a new meeting shall be called with a notice period of two weeks, in which case three present board members constitute a quorum. Absent members may participate in a resolution by delivering a written vote to the Supervisory Board. Unless otherwise required by law or by the articles of association, resolutions of the Supervisory Board are passed by a simple majority of the votes cast.

The Supervisory Board has its own internal rules of procedure (see www.evotec.com; 'Investors > Corporate Governance > Policies and Charters’) and complies with the Code’s suggestion to hold occasional separate discussions.

The Supervisory Board was not aware of any potential conflicts of interest among any of its members in the course of 2014.

On a regular basis the Supervisory Board examines the efficiency of its activities as recommended in the Corporate Governance Code. To date all such audits have led to the conclusion that the Supervisory Board is organised efficiently and that the Management Board and the Supervisory Board cooperate very well.

Information on the professional affiliations of board members and on related party transactions can be found in the Annual Report of the Company. In addition, are details on the Management Board and the Management Team be provided on Evotec’s website under www.evotec.com; section ‘About Us > Supervisory Board’.

**Work in Supervisory Board Committees**

A significant proportion of the Supervisory Board’s work is conducted in committees. From among its members, Evotec’s Supervisory Board has established, pursuant to the German Stock Corporation Act and the recommendations of the Code, an Audit Committee as well as a Remuneration and Nomination Committee. Members of both committees are appointed in accordance with the Code.

For information about the composition of the Supervisory Board Committees please see the website of the Company under www.evotec.com, section ‘Investors > Corporate Governance > Supervisory Board Committees’.

Evotec’s **Audit Committee**, comprising three members, supports the Supervisory Board in independently monitoring the Company’s financial reporting activities and in auditing reports. In particular, the Audit Committee scrutinises the Company’s accounting processes, the effectiveness of the internal control system and the audit. In addition, it discusses the quarterly and half-year reports with the Management Board. Within the scope of the audit of the financial statements commissioned by the Supervisory Board,
The Audit Committee also discusses certain steps and procedures of the audit with the appointed auditing firm, including the auditors’ independence, the additional services rendered by the auditor, the issuing of the audit mandate to the auditing firm, the determination of auditing focal points, the fee agreement and compliance issues.

The members of the Audit Committee possess the required skills and experience. As a current Chief Financial Officer, the Audit Committee’s Chairman Bernd Hirsch not only is independent, but also has the required specialist knowledge and experience in the application of accounting principles and internal control processes. Neither the Chairman of the Supervisory Board nor a former member of the Management Board may become Chairman of the Audit Committee. Evotec’s Audit Committee Charter can be found on the Company’s website (www.evotec.com) in section ‘Investors > Corporate Governance > Policies and Charters’.

The committee meets at least four times annually. The audit committee shall have a quorum if at least two of its members participate in the passing of a resolution. Resolutions require a simple majority of the votes cast. Evotec’s Audit Committee Charter can be found on the Company’s website (www.evotec.com) in the section ‘Investors > Corporate Governance > Policies and Charters’.

The main duties and responsibilities of the Company’s Remuneration and Nomination Committee are to prepare the appointment of Management Board members and to prepare recommendations concerning their remuneration system and Share Performance Plan. Final decisions are made by the full Supervisory Board.

**Remuneration of Board members**

Evotec complies with the recommendations of the Corporate Governance Code to provide details of the remuneration of each individual member of the Management Board and the Supervisory Board. Detailed information on the remuneration of Management Board members, divided into fixed and variable compensation components as well as any fringe benefits, and remuneration of Supervisory Board members is reported in a separate section of the Management Report (“Remuneration Report”) in the Evotec Annual Report. The Evotec Annual Report is available on the website of the Company under www.evotec.com, section ‘Investors > Finance > Financial Reports 2013 – 2015’. The remuneration of the Board Members is also publicised on Evotec’s website under www.evotec.com; section ‘Investors > Corporate Governance > Remuneration’.

Evotec has procured directors and officer’s liability insurance coverage for its Management and Supervisory Board members, its senior management and the directors of its subsidiaries, at a cost to the Company. For the Management and Supervisory Board members an appropriately sized deductible was agreed upon. For the members of the Management Board a deductible of 10% of the damage or one and a half times the fixed annual remuneration is agreed.

**Shareholders and Annual General Meeting (AGM)**

Evotec AG shareholders exercise their co-determination and monitoring rights at the AGM, convened at least once a year. The AGM takes decisions on all statutory matters that are binding on all shareholders and the Company. For voting on resolutions, each share confers one vote.

All shareholders registering in due time are entitled to participate in the AGM. Evotec offers shareholders who are unable to attend the AGM the opportunity to access key parts of the event live on the internet. The Company also encourages non-attendees to exercise their voting rights by arranging independent proxies who are bound to the shareholders’ instructions. Shareholders may also authorise a person of their choice to represent them in the meeting. The possibility of a postal vote was not available at the
Annual General Meeting 2014. The Management Board is however entitled to allow postal voting at future Annual General Meetings.

The invitation to the AGM and the reports and information required for voting are published in accordance with the provisions of the German Stock Corporation Act and provided in German and English on Evotec’s website under www.evotec.com; section ‘Investors > Events > Annual General Meeting’.

**Directors’ Dealings**

Under the Securities Trading Act (‘Wertpapierhandelsgesetz’), the members of the Supervisory Board and the Management Team of Evotec as well as persons who have a close relationship with these persons are obligated to report trading in Evotec stock so far as the transactions exceed in aggregate € 5,000 (the de minimus threshold) per calendar year. In addition, Evotec has established an Insider Trading Policy (see www.evotec.com, section ‘Investors > Corporate Governance > Policies and Charters’) that sets standards for board members’ and employees’ trading in Evotec shares and thus ensures transparency.

During 2014, one Directors’ Dealing was reported (see on the Company’s website under www.evotec.com, section ‘Investors > Corporate Governance > Directors’ Dealings’).
