

# Evotec receives European Mediscience Award for ‘Best Communication’

**Hamburg, Germany, 10 June 2016:**

Evotec AG (Frankfurt Stock Exchange: EVT, TecDAX, ISIN: DE0005664809) was awarded the European Mediscience Award for best communication. The award was presented to Gabriele Hansen, VP Corporate Communications & Investor Relations at a celebratory dinner on Thursday, 09 June 2016, in London. The European Mediscience Awards is the largest annual gathering of private and publicly quoted healthcare, biotech and life science companies in Europe recognising achievements in the life sciences industry. Evotec is very proud to be awarded with this prestigious award for the second time (2014 and 2016).

**ABOUT EVOTEC AG**

Evotec is a drug discovery alliance and development partnership company focused on rapidly progressing innovative product approaches with leading pharmaceutical and biotechnology companies, academics, patient advocacy groups and venture capitalists. We operate worldwide providing the highest quality stand-alone and integrated drug discovery solutions, covering all activities from target-to-clinic to meet the industry's need for innovation and efficiency in drug discovery (EVT Execute). The Company has established a unique position by assembling top-class scientific experts and integrating state-of-the-art technologies as well as substantial experience and expertise in key therapeutic areas including neuroscience, diabetes and complications of diabetes, pain and inflammation, oncology and infectious diseases. On this basis, Evotec has built a broad and deep pipeline of more than 70 partnered product opportunities at clinical, pre-clinical and discovery stages (EVT Innovate). Evotec has established multiple long-term discovery alliances with partners including Bayer, CHDI or UCB and development partnerships with e.g. Janssen Pharmaceuticals in the field of Alzheimer's disease, with MedImmune and Sanofi in the field of diabetes, with Pfizer in the field of tissue fibrosis and with Second Genome in the field of inflammatory diseases.
