2.2 These Terms and Conditions will take precedence over any conflicting terms and conditions set forth in the Work Order or a Change Order thereto as the case may be, to which they are attached or any other document, save that a Quality Technical Agreement, shall take precedence in relation to quality issues. For the avoidance of doubt, no printed standard terms that may appear on any document provided by Client to Aptuit shall have any effect unless expressly agreed in writing by authorized representatives of both Parties.

2.3 If required by Applicable Law, the Parties will agree on a Quality Technical Agreement.

3. Performance of Services by Aptuit.

3.1 Aptuit will, using commercially reasonable efforts, provide the Services (a) with reasonable skill and care, (b) in accordance with current scientific and technical standards, (c) in compliance with all Applicable Law to the conduct of the Services, (d) pursuant to its standard operating procedures, and (e) if defined in any Work Order, in accordance with applicable cGMP standards.

3.2 Client acknowledges and agrees that (a) the Services are experimental in nature and subject to risk factors and events beyond Aptuit's reasonable control, (b) Deliverables are target objectives and that a successful development and/or Manufacturing of the Deliverables cannot be guaranteed, and (c) the work to be conducted hereunder cannot be put into a binding time schedule or quantity requirement. Any time schedule or quantity requirement within a Work Order shall not be binding and any failure to meet the defined Deliverables shall not be deemed a breach by Aptuit of its obligations. In the event of such failure, Aptuit shall have no liability for the API or any other Client Materials used in the development and/or Manufacturing of the Deliverables nor for the replacement cost of the same.

3.3 Aptuit is entitled to subcontract any Services to (a) any Affiliate of Aptuit or (b) upon Client's approval, not to be unreasonably withheld, any third party, provided that Aptuit shall remain responsible under this Agreement for the acts or omissions of any subcontractor engaged by Aptuit.

5.1 Any material change to a Work Order, including without limitations to the Manufacturing process, the Specifications and/or changes to the scope of Services and/or to the assumptions or requirements that arise during the performance of the Services shall be agreed in writing between the Parties (**Change Order**). In an emergency, Aptuit shall be entitled to deviate from the Work Order without Client's consent provided that in such case, Aptuit shall use commercially reasonable efforts to notify Client prior to such deviation and obtain Client's verbal approval, which shall subsequently be confirmed by Client in writing.

5.2 If any regulatory authority instruction requires a change to the Work Order, the Parties shall work together in good faith to agree on a revised Work Order. If the Parties cannot come to an agreement on a new Work Order within ninety (90) days of the effective date of a suggestion or mandate by the regulatory authority according to this Section 5.2, either Party shall have the right to terminate the affected Work Order. During such period, Aptuit may postpone any delivery dates accordingly.

6. Retention of records. Aptuit may retain any materials, records or data that Aptuit determines may be needed to satisfy any regulatory requirements and Applicable Law.

7. Shipment.

7.1 Outbound shipments of Deliverables. All shipments hereunder will be made DAP to the agreed destination (as such term is defined by Incoterms[®] 2020). Aptuit will select the carrier and ship freight prepaid, with the costs of freight and export passed through to Client. Aptuit is responsible for the correct processing of the export formalities and procedure and acts as the exporter. All costs will be charged as Additional Costs as specified in the Work Order. If applicable, GMP material will be shipped using a GDP-qualified carrier, (particularly using the qualified logistic service provider under controlled conditions) as further detailed in the Quality Technical Agreement.

7.2 Inbound shipments of Client Materials (from Client or third-party to Aptuit). Client shall organize shipment according to DDP (as such term is defined by Incoterms[®] 2020), unless Client is unable to act as Importer of Record or Client has no presence in the country of destination and is not able to customs clear the goods and cannot reclaim VAT/import tax in destination country. In such case it shall be DAP (Incoterms[®] 2020), provided that Client has enabled Aptuit to provide the correct customs clearance and declaration. For clarity Client will provide Aptuit, prior to shipment, all relevant information on actual value, classification, custom tariff numbers and country of origin (incl. proof of preferential origin if applicable) of the Client Material. All costs related to the importation are passed through to Client. If Aptuit bears any Taxes that cannot be reclaimed, including without limitation for stored compounds, replenishments, etc.), Client shall also reimburse such Taxes to Aptuit.

8. Testing and Acceptance Process.

8.1 Aptuit will Manufacture the Product in accordance with the Manufacturing process approved by Client, and in accordance with cGMP (if applicable). Aptuit will sample and test each Batch against the Specifications. If a Batch conforms to the Specifications and was Manufactured according to cGMP (if applicable) and the Manufacturing process, Aptuit will issue a certificate of compliance and provide it to Client (electronically), together with a certificate of analysis, the Specifications, and a copy of the Batch records for each Batch.

8.2 During the period commencing on Client's (or its designated recipient's) receipt of each delivered Batch and until the later of (a) the date thirty (30) days following the date of Client's (or its designated recipient's) receipt of such Batch, or (b) the date fifteen (15) days following Client's receipt of the applicable released executed Batch records and related documentation, Client shall have the right to test such Batch to determine whether such Batch conforms to cGMP (if applicable), the Specifications, and the Manufacturing process (collectively the **Product Requirements**).

8.3 In case of any disagreement between the Parties as to whether a Batch conforms to the Product Requirements, the Parties will attempt in good faith to resolve any such disagreement. If the Parties cannot resolve the disagreement within thirty (30) days, a representative sample of such Batch and/or relevant documentation will be submitted to a mutually agreed independent testing laboratory or an independent cGMP consultant of recognized standing in the industry, for final and

binding determination (absent manifest error) of whether such Batch conforms with such Product Requirements. The fees and expenses of the laboratory and/or independent cGMP consultant shall be paid by the Party against whom the determination is made.

8.4 If Aptuit agrees with Client's conclusion that a certain Batch does not conform to the Product Requirements, or pursuant to Section 8.3 the laboratory or independent cGMP consultant determines with admissible evidence that the Batch does not conform to the Product Requirements due to negligence, breach of the Agreement or wilful misconduct by Aptuit, then (a) Client shall not have accepted such non-conforming Batch; (b) if applicable, Aptuit shall bear the costs associated with retaining the laboratory and pay all of Client's costs and expenses reasonably and actually incurred as a result of or in connection with enabling or assisting such laboratory or independent cGMP consultant in making such determination; and (c) Aptuit will, at Client's sole option (i) refund the fees and expenses paid by Client for such non-conforming Batch; or (ii) Manufacture a new Batch as soon as reasonably possible; or (iii) at Aptuit's cost and expense, rework or reprocess the Product, so that the Batch can be deemed to have been Manufactured in compliance with the Product Requirements.

8.5 Client shall be responsible for the disposal and/or destruction of any non-conforming Product.

9. Audits. Aptuit will permit Client or its representatives (unless such representatives are competitors of Aptuit) to audit the Aptuit facilities where the Services are performed upon reasonable advance written notice of at least sixty (60) business days and during regular business hours, subject to Aptuit's available audit slots, once every two (2) calendar years and for a maximum of two (2) days and with no more than two (2) auditors at no cost. Client will reimburse Aptuit for its time and expenses associated with any additional audit during such two-year period, unless such audit is for cause. Should the audit be performed remotely, the Parties agree that (a) before the start of the audit the Parties will agree on a secure method for the sharing of information and data, (b) the identity of Client's staff remotely present during such audit will be communicated in advance, and (c) no recording (audio, video or screenshot) will be allowed during the audit. In case of audits or investigations performed by the tax, social security or other governmental bodies or authorities at the level of Client, Client will inform Aptuit timely on any issues or findings potentially having a financial or compliance-related impact on Aptuit.

10. Fees and Payment.

10.1 All fees and payments in connection with Services rendered by Aptuit under this Agreement represent net amounts and do not include any Taxes. Client shall pay to Aptuit the applicable fees and expenses, including without limitation any cancellation fee for cancelled or postponed Services and Additional Costs on a FTE or non-FTE basis, as well as any Taxes in respect of fees for Services. All invoices and all payments shall be made in EUR, USD or GBP as the case may be and as set forth in the applicable Work Order.

10.2 In case local tax or customs authorities challenge the Taxes treatment in connection with Services rendered by Aptuit to Client (e.g. as tax authorities assess in a legally binding way that Client does not qualify as a taxable person) or in connection with the import of Client Materials with Aptuit acting as Importer of Record (in accordance with Section 7.2), any Taxes due shall be charged by Aptuit to Client in addition to the fees and payments agreed, unless Client is liable for the Taxes by law, e.g. if reverse charge mechanism or similar regulation applies. The Parties agree that the statute of limitations period for claims for payment of Taxes shall not commence before the tax or customs authorities have assessed a Tax claim against Aptuit.

10.3 Other costs which could not have reasonably been expected, as well as additional efforts or work and changes in

Aptuit's responsibilities and obligations hereunder, are not included and shall be remunerated separately.

10.4 Payments are due and payable within thirty (30) days net from the date of the invoice and shall be made by electronic bank transfer to the account noted on the invoice.

10.5 If any portion of an invoice is disputed in good faith by Client, Client shall pay the undisputed amounts and the Parties will use good faith efforts to reconcile the disputed amount.

10.6 For any undisputed amounts not received by Aptuit when due, Aptuit is entitled to charge interest on the overdue sum at a rate of one percent (1%) per month or the maximum rate allowed by Applicable Law, whichever is lower.

10.7 If Client fails to pay any undisputed invoice when due, in addition to its other rights under the Agreement, Aptuit may cease all activities hereunder and withhold all data, information, reports and material of any kind (including Client Materials and Deliverables) until all outstanding and undisputed invoices have been paid in full.

10.8 All sums payable under this Agreement shall be paid in full without any deductions (including, but not limited to, deductions in respect of items such as income, corporation, or other taxes, charges and/or duties) except insofar as Client is required by law to deduct withholding tax from sums payable to Aptuit. If Client is required by law to deduct withholding tax, then upon execution of any Work Order Client will promptly provide written notice of such requirement to Aptuit and will retain such withholding tax and pay it to the proper tax authority on account of Aptuit. Official receipts of payment of any retained local withholding tax shall be secured and sent by Client to Aptuit as evidence of such payment on Aptuit's request. Client and Aptuit shall co-operate in all respects and take all reasonable steps necessary to (a) lawfully avoid the making of any such deduction or (b) to enable Aptuit to obtain a tax credit in respect of the amount withheld. Any effect by currency conversion of the payment of withholding tax by Client to the proper tax authority is benefit or burden of Client and does not increase or reduce the remuneration to be paid to Aptuit under this Agreement.

10.9 Aptuit has the right to revise the amount agreed under the Work Order in case of an increase of costs and expenses related to the Services (the *Inflation Adjustment*). In such case, Aptuit has the right to adjust the amounts mentioned in the Work Order on an annual basis, as of each March 1, starting at least six (6) months later the effective date of the Work Order. In case of Inflation Adjustment, Aptuit will notify Client the adjusted amount. The Inflation Adjustment will be made on the basis of the consumer price index as published in <https://www.istat.it/notizia/indice-dei-prezzi-per-le-rivalutazioni-monetarie/> (istat.it) or any official publication substituted for it. The revised amount will be calculated as current price multiplied (1+12 months inflation rate in %).

11. Obligations of Client and Client Material.

11.1 Client shall (a) comply with Applicable Law; and (b) provide Aptuit with all necessary and reasonable support and information relating to the performance of the Services, including, as specified in the applicable Work Order, with Client Materials and necessary data regarding the identity, strength, value, purity, stability and composition or other characteristics of the Client Materials, and proper storage and safe handling requirements. Client shall define the value of its Client Materials held at Aptuit's premises in the Work Order. Client Materials shall remain the exclusive property of Client.

11.2 Client hereby represents that (a) it has the right to transfer, or have transferred, the Client Materials to Aptuit for the purposes of performing the Services and (b) Client Materials will be provided in compliance with all Applicable Law, and in case of personal data in an anonymized format. To the extent that Aptuit collects, processes or uses personal data on behalf of the Client when rendering the Services or performing its obligations under this Agreement ("Processing" as defined in Article 4 (2) EU General Data Protection Regulation (*GDPR*)), according to

Article 28 of the GDPR or any other applicable data protection law, the Parties shall enter into an additional contractual agreement which is required by such applicable data protection law.

11.3 With regard to Client Material that contains and/or consists of Human Biological Samples, Client represents and warrants to Aptuit and its Affiliates that: (i) it is authorized to transfer such Client Material without any additional consideration to the donor, the donor's heirs and legal representatives, or the collecting organization to Aptuit and its Affiliates (as the case may be); (ii) the Client Material and the Human Biological Samples from which the Client Material was derived (as the case may be) were acquired, collected, obtained, and/or produced by Client or third parties that supplied the Client Material to Client in full compliance with all Applicable Laws and ethical standards, including without limitation (A) the International Conference on Harmonization Guidelines for Good Clinical Practice (GCP); and (B) any applicable requirements for the Informed Consent of the donor of such Human Biological Samples. In the event of a withdrawal of, or a material variation to the Informed Consent (including any material changes that may affect the activities), Client shall promptly notify Aptuit and any other relevant parties of such changes or withdrawal. For the avoidance of doubt, Aptuit shall not be responsible or liable for any delay resulting from such events. The foregoing shall apply to data associated to Human Biological Samples accordingly.

11.4 If the procurement of Human Biological Samples by Aptuit on behalf of the Client is agreed upon in the Work Order, the Client acknowledges and accepts that (i) the use of the HBS will be subject to restrictions based on the terms of the Informed Consent and/or ethical committee approvals applicable to the source of the HBS, and (ii) ownership of the HBS will not automatically transfer to the Client since depending on the source and procurement conditions the HBS may originate from sources where ownership remains with the source and Aptuit secures only the right to use the HBS at its site for the agreed project scope; or the HBS may be owned by Aptuit, with ownership remaining non-transferable due to restrictions set forth in the applicable Informed Consent or ethical committee conditions.

11.5 Aptuit shall use Client Materials solely for the purpose of carrying out its obligations under the Agreement. In no event shall Aptuit be liable for any loss or damage to Client Materials. Unless otherwise agreed in the Work Order or unless otherwise required under separate agreements between Aptuit and a third party supplying Client Materials on behalf of Client, Aptuit shall retain all unused Client Materials for a period of three (3) months (**Retention Period**) following (i) termination of the Work Order, or (ii) suspension of Services by Client for a continuous period of three (3) months. After the Retention Period, and absent written instructions from Client, Aptuit may, in its sole discretion, return, appropriately discard or destroy any or all of unused Client Materials. Any reasonable costs associated hereto shall be borne by the Client. In case Client Materials are provided to Aptuit on behalf of Client by a third party under a separate agreement between such third party and Aptuit, the terms of that agreement may require the return of such Client Materials to the third party. In such cases, the terms of the third party agreement shall prevail over this Section 11.5 with respect to Aptuit's obligation to return, discard or destroy the unused Client Materials.

11.6 Client's use and disposal of any Deliverables or any other information or material disclosed, delivered or provided by Aptuit to Client shall be in compliance with all Applicable Law.

11.7 Aptuit will not be liable to Client nor be deemed to have breached the Agreement for errors, delays or other consequences arising from Client's failure to provide the Client Materials, any necessary documents or information as agreed and/or in a timely manner, nor will Aptuit be liable to Client if Client fails to otherwise reasonably cooperate in order to enable Aptuit to perform its obligations. Any such failure by Client will automatically extend any timelines affected by a time period that

reasonably takes into account such failure in providing Client Materials, documents, information or cooperation.

11.8 If Client delays or suspends a project under the Work Order, Client will be responsible for all reasonable costs and expenses that Aptuit is not able to mitigate.

12. Intellectual Property.

12.1 Nothing in the Agreement shall affect the ownership of either Party's IP conceived, first reduced to practice or rightfully acquired by a Party prior to the effective date of this Agreement or outside of the Services hereunder (**Background IP**) or imply any license to a Party's Background IP unless granted expressly. Client hereby grants to Aptuit and its Affiliates a royalty-free, non-exclusive license to use any of its Background IP for the performance of Services under the Agreement and sublicensable to subcontractors for the purpose of performing the Services under this Agreement in accordance with Section 3.3. Client shall promptly inform Aptuit in writing about any restriction to its Background IP relevant to Aptuit's performance of the Services.

12.2 Subject to Section 12.3, as between Aptuit and Client, all right, title and interest in and to all Client Project IP, to the extent held by Aptuit, shall be owned by Client. To the extent any rights in the Client Project IP cannot be assigned to Client by Aptuit based on Applicable Law, Aptuit shall grant to Client a free-of-charge, perpetual, irrevocable, worldwide, royalty-free, exclusive, transferable license with the right to sublicense through multiple tiers to practice such non-assignable rights that Aptuit has in any manner for any purpose.

12.3 All right, title and interest in any IP conceived, discovered, invented or made during the Services which (a) constitutes an improvement or enhancement to Aptuit's or its Affiliates' Background IP, including but not limited to, assay technology, the Aptuit libraries, software, algorithms, databases, screening technology, structural biology technology, and chemical technology, irrespective of whose Party's employees or contractors have made or contributed to such improvement or enhancement, or (b) relates to generally applicable technology, methodology or processes developed by Aptuit or its Affiliates within the performance of the Services (**Aptuit IP**) shall be owned by Aptuit. Client hereby sells, assigns and transfers to Aptuit all of Client's right, title and interest in and to the Aptuit IP. Aptuit will not in any way seek to rely on any Aptuit IP which it may have to prevent Client from exercising any right or using the Deliverables owned by the Client under this Section 12. Client hereby expressly agrees that Aptuit and its Affiliates may use data generated during the Services in a blinded format for Aptuit's and its Affiliates' technology development.

12.4 Each Party shall cause all employees and other persons acting on its behalf in performing its obligations under the Agreement to be obligated under a binding written agreement, or otherwise according to law, to assign to it, or as it shall direct, all Inventions made or conceived by such employees or other persons.

12.5 Each Party shall have the right to control the preparation, filing, prosecution, maintenance and enforcement of all patent applications and patents relating to any Inventions owned by such Party pursuant to Sections 12.2 and 12.3 above.

12.6 Except as provided in the Agreement, no express or implied licenses or other rights are provided by either Party to the other under any proprietary rights of a Party.

12.7 Nothing contained in the Agreement shall restrict, hinder or prohibit the right of either Party to use any know-how, data or information of the other Party which is freely available and in the public domain.

13. Confidentiality.

13.1 The Receiving Party shall (i) protect Confidential Information from unauthorized use or disclosure and (ii) use it solely for the purposes of administering its obligations under the Agreement.

13.2 Neither Party shall, without the other Party's prior written consent, use the Confidential Information of the other Party or disclose such information except (i) to provide to officers, directors, employees, agents and consultants of the Receiving Party or its Affiliates (**Representatives**) who require such information to perform such Party's obligations under the Agreement, or (ii) as required to be disclosed by law, or court or administrative order; provided that the Receiving Party gives prompt written notice thereof to the Disclosing Party. The Receiving Party shall be liable for any breach of the obligations of this Section 13 by any of its Representatives.

13.3 The above confidentiality obligations shall not apply to information which, as can be established by the Receiving Party, (a) was communicated to the Receiving Party from a third party entitled to make such a disclosure; or (b) was already in the public domain or subsequently entered the public domain through no fault of the Receiving Party; or (c) was already known by the Receiving Party or developed independently by the Receiving Party without reference to or reliance upon information provided by the Disclosing Party; or (d) is to be disclosed pursuant to any legal, regulatory or stock exchange requirement (but only to the extent such information needs to be disclosed).

13.4 The above confidentiality obligations shall survive any expiration or termination of the Agreement and shall continue for a period of five (5) years from the date of expiration or termination of the Agreement. To the extent that any of the Confidential Information disclosed hereunder is a trade secret, the obligations set forth herein will survive the termination of the Agreement for so long as the information disclosed qualifies as a trade secret under the requirements of the Applicable Law.

13.5 In the event Aptuit or Client wishes to publish a press release relating to the Agreement or Client wishes to cite Aptuit as a services provider to potential collaborators or investors, either Party will contact the other Party to discuss the possibility of a release or citing, and such other Party will give reasonable consideration to the request. In any event, both Parties agree not to issue any press releases without prior written approval from the other Party.

14. Insurance. Each Party shall maintain policies of insurance in the amounts and of the types reasonably appropriate for the conduct of their respective businesses. Client represents that it has subscribed, and will maintain insurance policies in an amount reasonably adequate to cover the financial consequences it may incur in the event of material loss or damage to Client Materials while held at the Aptuit facility.

15. Representations and Warranties.

15.1 Each Party hereby represents and warrants to the other Party that (a) it is an entity validly organized and existing and in good standing under the laws of the jurisdiction in which it is organized and has full right and authority to enter into this Agreement; (b) it has taken all necessary action on its part to authorize the execution and delivery of this Agreement; and (c) this Agreement constitutes a legal, valid and binding obligation, enforceable against such Party in accordance with its terms.

15.2 Client hereby represents and warrants to Aptuit that (a) it will not request or require Aptuit to perform any assignment or tasks in a manner that would violate any Applicable Law or to handle any substances or materials that do not carry specific safe handling instructions; (b) to its best knowledge, Client is not aware of any third party's IP or other rights that may be infringed by the Services provided by Aptuit or the use of Client Materials under this Agreement.

15.3 Except as set forth herein, all warranties implied by law (whether by statute, common law, trade usage, custom or otherwise) are hereby excluded for Aptuit to the maximum extent permitted by law.

16. Limitation of Liability.

16.1 NOTWITHSTANDING ANY PROVISION IN THE AGREEMENT OTHER THAN SECTION 16.3 BELOW, APTUIT'S AGGREGATE LIABILITY UNDER OR IN RELATION TO THE AGREEMENT TO CLIENT WILL NOT EXCEED THE TOTAL AMOUNT OF FEES PAID OR PAYABLE BY CLIENT TO APTUIT FOR THE SERVICES PERFORMED UNDER THE WORK ORDER. NOTWITHSTANDING THE FOREGOING, APTUIT SHALL HAVE NO LIABILITY UNDER THIS AGREEMENT FOR LOSS OF OR DAMAGE TO API OR OTHER MATERIALS PROVIDED BY CLIENT WHILE HELD AT APTUIT'S FACILITY.

16.2 IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER PARTY FOR ANY SPECIAL, CONSEQUENTIAL, PUNITIVE OR INDIRECT OR INCIDENTAL DAMAGES, INCLUDING ANY LOST PROFITS OR ANY LOST REVENUES RELATING TO THE PERFORMANCE OF THIS AGREEMENT WHETHER SUCH LIABILITY IS IN CONTRACT, TORT (INCLUDING NEGLIGENCE OR BREACH OF STATUTORY DUTY) OR OTHERWISE.

16.3 NOTHING CONTAINED HEREIN IS INTENDED TO EXCLUDE OR LIMIT ANY LIABILITY FOR (A) DEATH OR PERSONAL INJURY CAUSED BY A PARTY'S NEGLIGENCE; OR, (B) FRAUD; OR, (C) LIABILITY WHICH CANNOT BE LIMITED OR EXCLUDED BY LAW.

16.4 THIS SECTION 16 DEFINES THE ENTIRE LIABILITY OF THE PARTIES IN RELATION TO THIS AGREEMENT.

16.5 EXCEPT AS EXPRESSLY SET FORTH WITHIN THIS AGREEMENT AND TO THE EXTENT PERMITTED BY LAW, APTUIT MAKES NO EXPRESS OR IMPLIED WARRANTIES RELATING TO THE SERVICES OR THE DELIVERABLES OR CLIENT PROJECT IP, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR NONINFRINGEMENT.

17. Indemnification.
